Richards, 2018-06-19 Bestselling author and economist Jay W Richards makes the definitive case for how the free market and individual responsibility can save the American Dream in an age of automation and mass disruption For two and a half centuries America has been held together by the belief that if you work hard and conduct yourself responsibly in this country you will be able to prosper and leave a better life for your children But over the past decade that idea has come into crisis A recession the mass outsourcing of stable jobs and a coming wave of automation that will replace millions of blue and white collar jobs alike have left many people worried that the game is rigged and that our best days are behind us In this story driven manifesto on the future of American work Jay Richards argues that such thinking is counterproductive making us more fragile more dependent and less equipped to succeed in a rapidly changing economy If we re going to survive we need a new model for how ordinary people can thrive in this age of mass disruption Richards pulls back the

*Spectacular Bodies* Yvonne Tasker,2012-10-02 While films such as Rambo Thelma and Louise and Basic Instinct have operated as major points of cultural reference in recent years popular action cinema remains neglected within contemporary film criticism Spectacular Bodies unravels the complexities and pleasures of a genre often dismissed as obvious in both its pleasure and its politics arguing that these controversial films should be analysed and understood within a cinematic as well as a political context Yvonne Tasker argues that today's action cinema not only responds to the shifts in gendered sexual and racial identities which took place during the 1980s but reflects the influences of other media such as the new video culture Her detailed discussion of the homoeroticism surrounding the muscleman hero the symbolic centrality of blackness within the crime narrative and the changing status of women within the genre addresses the constitution of these identities through the shifting categories of gender class race sex sexuality and nation Spectacular Bodies also examines the ambivalence of supposedly secure categories of popular cinema questioning the existing terms of film criticism in this area and addressing the complex pleasures of this neglected form

Genreflecting Betty Rosenberg,1986 **Feminist Posthumanism in Contemporary Science Fiction Film and Media** Julia A. Empey,Russell J.A. Kilbourn,2023-08-24 Feminist Posthumanism in Contemporary Science Fiction Film and Media From Annihilation to High Life and Beyond places posthumanism and feminist theory into dialogue with contemporary science fiction film and media This essay collection is intimately invested in the debates around the posthuman and the critical posthumanities within a feminist critical theoretical framework In this posthumanist light science fiction as a genre allows for new imaginings of human technological relations while it can also be

the site of a critique of human exceptionalism and essentialism In this way science fiction affords unique opportunities for the scholarly investigation of the relevance and relative applicability of specific posthumanist themes and questions in a particularly rich and wide ranging popular cultural field of production One of the reasons for this suitability is the genre's historically longstanding relationship with the critical investigation of gender specifically the position and relative empowerment of women The original analyses presented here pay close attention to audiovisual style including game mechanics facilitating the critical interrogation of the issues and questions around posthumanism Where typically the mention of SF in the posthumanist context calls to mind a whole set of often clichéd tropes the cyborg technologically augmented bodies AI subjectivities etc this volume's thirteen chapters analyze specific examples of contemporary SF cinema that engage in meaningful ways with the burgeoning field of critical posthumanism and that utilize such films to interrogate posthumanist and feminist as well as humanistic ideas
