and get paid for your services Feng Shui is not contraindicated for anyone This art can be practiced by both adults changing
the interior of their apartment and children creating their own children s world The philosophical basis of feng shui includes
features of various religions and beliefs However feng shui is by no means magic in the full sense of the word It is based on
common sense Everything that Feng Shui is guided by comes from the usual logic of things Feng Shui reflects the laws of the
material world therefore it has among other things a deep understanding of the origin and movement of its processes You
don t have to believe them They exist regardless of our faith and even our existence with you Perhaps many people perceive
Feng Shui as a world filled with exoticism a world that amazes everyone with its ingenuity a combination of all kinds of
rattling trinkets From the outside it may seem that the whole profession of master consultants in feng shui is only to
successfully and most importantly beautifully hang all the Chinese charms and somehow arrange the furniture in the room in
a new way However in fact behind all this there is a deep meaning subordination to completely different laws which have not
yet been fully explored the laws of the material world You can request a Feng Shui Master Diploma by email astro alexmagic
