*Ferranti-Packard* Norman R. Ball, John N. Vardalas, 1994-01-27 Through their case study of the evolution of a relatively small manufacturer such as Ferranti Packard Ball and Vardalas address a number of broader themes in the history of Canadian business and technology Ferranti Packard was British owned and thus provides a revealing subject for the authors investigation of the impact of foreign direct investment on Canadian industrial and technological capabilities An important theme in this analysis is the interplay of British and North American corporate cultures Ball and Vardalas explain the complex nature of technical and managerial relationships between subsidiaries and parent firms demonstrating that Ferranti Packard did not passively receive parent firm expertise but was highly innovative in product design and marketing philosophy The association between government and business in the development and direction of technology in Canadian industries since the Second World War is also explored
