**Fertility Counseling: Case Studies** Sharon N. Covington, 2022-12-08 An updated and comprehensive book of case studies exploring the unique challenges of reproductive patient care in fertility counselling

**Fertility Counseling: Case Studies** Sharon N. Covington, 2022-12-08 This second edition of the essential guide for reproductive professionals is now available in a Clinical Guide and a Case Studies Guide presenting the most current knowledge on counseling patients with diverse needs amidst rapidly advancing modern technology The Case Studies guide relates the accessible real world experiences and perspectives as leading international practitioners share their stories applying clinical concepts to treatment practice Chapters cover current unaddressed and emerging areas in reproductive mental health including consequences of direct to consumer DNA testing racial and cultural sensitivity and tele mental health Among the new topics are transgender ART recurrent pregnancy loss post partum adjustment and the pregnant therapist For an in depth presentation of clinical concepts discover the Clinical Guide which provides a foundational understanding of the medical and psychosocial experience of fertility treatment An essential aid for medical and mental health professionals this comprehensive guide allows clinicians to develop and refine the skills required to address the increasingly complex needs of fertility patients      **Foundations for Couples' Therapy** Jennifer Fitzgerald, 2017-02-03 As a quality resource that examines the psychological neurobiological cultural and spiritual considerations that undergird optimal couple care Foundations for Couples Therapy teaches readers to conduct sensitive and comprehensive therapy with a diverse range of couples Experts from social work clinical psychotherapy neuroscience social psychology and health respond to one of seven central case examples to help readers understand the dynamics within each partner as well as within the couple as a system and within a broader cultural context Presented within a Problem Based Learning approach PBL these cases ground the text in clinical reality Contributors cover critical and emerging topics like cybersex emotional well being forgiveness military couples developmental trauma and more making it a must have for practitioners as well as graduate students      [Encyclopedia of Reproduction](#) , 2018-06-29 Encyclopedia of Reproduction Second Edition Six Volume Set comprehensively reviews biology and abnormalities also covering the most common diseases in humans such as prostate and breast cancer as well as normal developmental biology including embryogenesis gestation birth and puberty Each article provides a comprehensive overview of the selected topic to inform a broad spectrum of readers from advanced undergraduate students to research professionals Chapters also explore the latest advances in cloning stem cells endocrinology clinical reproductive medicine and genomics As reproductive health is a fundamental component of an individual s overall health status and a central determinant of quality of life this book provides the most extensive and authoritative reference within the field Provides a one stop shop for

information on reproduction that is not available elsewhere Includes extensive coverage of the full range of topics from basic to clinical considerations including evolutionary advances in molecular cellular developmental and clinical sciences Includes multimedia and interactive teaching tools such as downloadable PowerPoint slides video content and interactive elements such as the Virtual Microscope

**Women's Health and Pandemic Crisis** Vivian Pramataroff-Hamburger, Mechthild Neises-Rudolf, 2023-12-09 This book focuses on the unique challenges for women in a pandemic situation both as caretakers and patients It has been noted that in the last two years medical doctors psychologists and health workers have seen a huge impact of the pandemic experience on women and their families Children and adolescents suffered from a strong reduction of social contacts while families had often to resort to cramped living condition that put a strain on normal life activities especially in underprivileged areas of society Fear and uncertainty reigned All these factors caused a wide range of psychosocial symptoms from loneliness to domestic violence depression and psychosomatic reactions As health professionals women have been influenced by the pandemic experience as well Hospital staff who had to care for a huge number of seriously ill patients in a very short time were confronted with considerable expectations which often turned into hostility especially in the period before vaccinations became available Psychotherapists received increased requests for appointments and had to adjust to video consultation for those they were able to accommodate in their practice Seeing the pandemic crisis as an opportunity to learn from mistakes and lack of preparation fostering a greater understanding of women's health in general and the unique experiences of pregnancy childbirth trauma adolescence body experience and gender identity that affects their health This book gathers our current state of knowledge about women in the extreme situation of a pandemic crisis and points the way to an improved level of care for the future This timely view of women's mental health in pandemics provides a vision to the path we must all take now to assist women in some of the most important elements of preventive care their mental and emotional well being This book emphasizes that the mental health of a mother must be considered in all circumstances Well done for being the conscience we need Jeanne Ann Conry MD PhD President The International Federation of Gynecology and Obstetrics Past President The American College of Obstetricians and Gynecologists Immediate Past Chair The Women's Preventive Health Initiative WPSI

Queer Social Work Tyler Arguello, 2019-11-12 This collection of case studies that model LGBTQ affirmative social work practice offers real life scenarios from a range of social work scholars educators and practitioners representing diverse sexualities genders and intersectional identities Together they demonstrate contemporary multilevel queer affirming social work practice with LGBTQ people and communities These fourteen case studies follow social workers across the country on their quest for quality service provision for vulnerable populations Chapters explore issues such as finding trans affirming care for teens methamphetamine abuse among elderly gay men previously exploited teens reentering foster care navigating nonmonogamous relationships and more Each chapter offers concrete comparative case formulation that depicts culturally responsive work with LGBTQ people by LGBTQ social

workers These diverse vignettes showcase a range of life experiences and explore how factors like religion age and immigration status affect social work practice The case studies in this volume integrate best practice standards and interventions social work ethics and competencies and clinical and critical theories Queer Social Work is a progressive pedagogical tool that provides a forum for marginalized communities and individuals as well as the committed practitioners who serve them
