Gateways Book Seven: What Lay Beyond Diane Carey, Peter David, Keith R. A. DeCandido, Christie Golden, Robert Greenberger, Susan Wright, 2002-06-08 Created by the incalculably ancient Iconians whose transcendent technology is quantum levels beyond that of the Federation and its allies the Gateways offer instantaneous transport across unimaginable distances Throughout the known galaxy from Deep Space Nine to the New Frontier from the Delta Quadrant to the bridge of the Starship Enterprise the sudden reactivation of the Gateways has destabilized interstellar relations between planets and cultures previously separated by countless light years Starfleet's finest have coped with the crisis as best they can but circumstances have forced several valiant commanders to leap through separate Gateways into the unknown Captain James T Kirk of the original Starship Enterprise Captain Jean Luc Picard of Star Trek The Next Generation Colonel Kira Nerys of Deep Space Nine Captain Kathryn Janeway of the U S S Voyager Captains Calhoun and Shelby of Star Trek New Frontier Commander Nick Keller of the U S S Challenger All of these heroes for their own reasons have taken the ultimate gamble hurling themselves personally through a Gateway without any knowledge or forewarning of what lay beyond Each must face their own unique challenge struggling to find a way back to the ships and homes they left behind And waiting behind at least one of the Gateways are the ageless Iconians themselves the primordial architects of the mysterious portals causing chaos throughout the Milky Way galaxy Where did they disappear to many long eons ago and what do they want now The answer lies on the other side What Lay Beyond brings the Gateways saga to a spectacular finish in an all star collaboration by six popular bestselling Star Trek authors Among them Diane Carey Peter David Keith R A Decandido Christie Golden Robert Greenberger and Susan Wright have written dozens of Star Trek novels This is their first mega collaboration Gateways Book Three: Doors Into Chaos Robert Greenberger, 2012-09-11 More than 200 000 years have passed since the Iconians first created the network of interdimensional gateways across the stars Known to those who came after them as the Demons of Air and Darkness the Iconians vanished from time and space millennia ago or did they Summoned to an emergency briefing at Starfleet Headquarters Captain Jean Luc Picard is stunned to discover that the legendary Iconians have returned at last and are offering to sell the secrets of their long lost technology to the Federation To prove their sincerity they have reactivated their dormant gateways but the result has been conflict and chaos throughout the Alpha Quadrant Warring Klingons and Romulans are among the hazards Picard and his crew must contend with as they seek to discover the sinister truth behind the Iconians mysterious return **Living with Star Trek** Lincoln Geraghty, 2007-03-30 There is a wealth of literature on Star Trek and this book is a welcome and original contribution to it The book not only sets Star Trek in dialogue with ideas and stories of utopia community self improvement that are central to American culture and history but goes further to examine the ways in which these are taken up and used by ordinary fans who engage with Star Trek in complex and significant ways Lincoln Geraghty explores for example Star Trek's multiple histories and how Star Trek has used the Puritan

American Jeremiad one of the nation's foundational texts to create a narrative that relates how through communal effort and personal change utopia can be achieved He discusses how fans define the series as a blueprint for the solution of such social problems in America as racism and war and shows how they have used the series to cope with personal trauma and relate to such characters as Data and Seven of Nine in moments of personal transformation This is all in all an enjoyable and revealing book on Star Trek's active relationship with its many thoughtful fans **Heart Of The Sun Star Trek 83** George
