Evil And A Good God Evil And A Good God:

Evil and a Good God Bruce R. Reichenbach, 1982 The question treated here is an old and important one The horrors which we daily see or here about exist they are evils and evil is often held to establish the falsity of the theistic world view Evil is believed to be either logically inconsistent with the existence of a good omnipotent omniscient loving personal deity or else of such a great amount prevalence and variety that it is improbable that God exists Were either of these true and consequently were it possible to show that the theistic world view is false or probably false this would be a significant intellectual and practical conclusion The author here examines this atheological claim Professor Reichenbach gives a thoroughgoing philosophical analysis taking into account all the main modern and contemporary questions and provides a most careful and cogent strictly philosophical analysis of the solution to this basic problem The book is spare and contains not a wasted word and yet all the questions and objections one might legitimately raise are straightforwardly addressed and reasonably dealt with Perhaps equally surprisingly in such a concise study all the relevant literature both classical and modern is taken into account Evil and a Good God will have to be reckoned with by future writers on this topic Back cover

The Real Narrow Path into the Hidden Kingdom of God Joseph Ho, 2015-08-28 This book was birthed as a result of seeing many sincere Christians falling into heresy myths and fairy tales spun by irresponsible preachers who would speak anything in order to gain an audience through lies and deceit The contents of this book are not fictional They were all painstakingly tested and lived in order to test the doctrines learnt in the modern churches This book is dedicated to help those who want to move in the Spirit of God to be truly led by him and not by man made rules and teachings which have no power to manifest the presence of God in their walk The author teaches how to hear from God and the main principles or laws in the kingdom of God that is true kingdom living The author was ordained and called by God through three distinct verses given supernaturally by the Holy Spirit these are Numbers 33 33 Job 33 33 and Ezekiel 33 33 **Stealing from God** Frank Turek, 2014-12-18 What if the core arguments for atheism reveal that God actually exists With a rising dependence on science and rational thought in today's culture religion is often dismissed as outdated or illogical and atheism is gaining a wider audience But award winning author Dr Frank Turek provides a strong case for how atheists steal logic reasoning evidence and science from God in order to support their claims A result of careful study Stealing from God exposes the intellectual crimes atheists are committing by taking a closer look at Causality how did the universe originate Reason what does atheism mean for truth Information Intentionality God's signature in creation Morality objective morality without God Evil is evil a contradiction for atheism Science how theism makes science possible And a powerful 4 point case for Christianity No matter your stance on religion or atheism this book will prove a thought provoking and compelling read With clear well researched arguments Stealing from God is a refreshing resource to bolster your faith help you engage with those who disagree and open your eyes to the truth of religion and atheism An unassailable case for the truth of Christianity Eric Metaxas New York

Rowe,2001-07-16 God and the Problem of Evil brings together influential essays on the question of whether the amount of seemingly pointless malice and suffering in our world counts against the rationality of belief in God a being who is said to be all powerful all knowing and perfectly good *Evil and a Good God* Bruce Reichenbach,2023 A comprehensive review and criticism of the major deductive and inductive arguments against theism and a morally sufficient reason for the presence of evil Religious Studies Review **Why Didn't God Do That to Begin With?** Raymond Navarro,2010-05-11 Have you ever wondered whether God could have created a world in which sin and therefore evil never had the possibility of existing And if God could have created such a world why didn t He do that to start with In Why didn t God do that to begin with Raymond Navarro examines that very question At the final consummation of this world we know that God will certainly bring about a world a new heavens and a new earth in which there is absolutely no possibility of sin thereby creating an environment where death and evil are non existent If God is certain to bring this type of world into existence why didn t He do that to begin with and what could have possibly been the purpose or reasoning behind such a decision Why didn t God do that to begin with is a must read for anyone ready to get serious about answering the tough questions of our Christian faith

Uramu,2018-05-18 In this Book are Believers Undiscovered Rights and Privileges It may shock you to know that an average Christian is living below Gods best for his life occupying far less ground than God has allotted to him in Christ Jesus The riches of the glory of inheritance of believers are little known and little possessed Yet God has given to believers ALL things pertaining to life and godliness and EVERY spiritual blessing in the heavenly places But only a few are living in these inheritances In this book you will discover Who a believer is The glorious inheritance of believers The riches and the dimensions of these blessings and The personal responsibilities of a believer *The Reality of God and the Problem of Evil*

Brian Davies,2006-10-11 An important new book on how we can still believe in a God of love and confront the problem of evil in the world Probably the most important book on the subject since John Hick s book Evil and the God of Love Professor Davies says we should tackle this problem by attending to the basics by asking whether there is a God and then What is God he starts by summarizing the arguments so far from Seneca to the present day He then moves to what he describes as the basics see above and demonstrates that much of what has been written about on the topic of evil is in fact irrelevant or just plain wrong This is a lively book on a tricky subject written at all times with humour and much practical example

Pre-scholastic and scholastic philosophy Albert Stöckl,1911 **Defeating the Evil-God Challenge** Jack

Symes,2024-05-16 The evil god challenge is one of the most popular topics in contemporary philosophy of religion In this landmark text Jack Symes offers the most detailed examination of the challenge to date Exploring the nature of god through the leading schools of philosophical theology Symes argues that it is significantly more reasonable to attribute goodness to god than evil Drawing from a breadth of ground breaking material in metaphysics ethics aesthetics and epistemology Symes claims to defeat the evil god challenge on behalf of traditional theism Is it any more reasonable to believe in a good god than an evil god Not according to proponents of the evil god challenge After all the world contains a significant amount of good and evil for which either god could be held responsible However if belief in both gods is equally as reasonable then religious believers are unjustified in favouring one hypothesis over the other Therefore in order to defend their faith theists must respond to the evil god challenge the question of what justifies belief in good god over evil god **Messiah Pulpit** ,1899
