SCHUMPETER Massimo M. Augello,2012-12-06 This book is the outcome of a bibliographical research and historical analysis of the evolution of the international literature on J A Schumpeter The research has been carried out in the last few years with the organizational support of the International Joseph A Schumpeter Society and through the establishment of connections with libraries universities and research institutes throughout the world Schumpeter s papers at the Harvard University archives have also been scrutinized The volume includes a historical and critical assessment of the literature on the Austrian economist according to the most important and specific Schumpeterian categories biography methodology development money cycle sociology politics and history The book is characterized by the completeness and richness of its information and by the homogeneous treatment of all the possible sources which could have provided news on Schumpeter Besides Europe and the US the research has been extended to the USSR Latin America Eastern Europe and above all to Japan where the Schumpeterian tradition is very deep rooted

Sectors Matter! Stefan Mann,2011-06-10 Although all economic activities

take place in sectors economists often devote little attention to differences between and characteristics of sectors This book

tries to show that mesoeconomics the economic exploration of sectors and groups is a useful instrument of analysis between microeconomics the analysis of markets and macroeconomics the analysis of economies In order to do so economists and social scientists from related disciplines and coming from Europe Australia and Asia demonstrate that sectors matter for economic development and the formation of societies The book includes chapters with rigorous economic analysis outlooks on economic history and case studies in order to show the relevance of sectoral issues this broad range of content making it likely the most comprehensive book on mesoeconomics to date

The Legacy of Joseph A. Schumpeter

Horst Hanusch,1999 This volume presents an overview of the widespread significance of Schumpeter s thought The first part examines the reception accorded to Schumpeter s ideas by his contemporaries whilst the second examines the impact of his scientific ideas from the 1950s to the 1970s

Applied Evolutionary Economics

Paolo Saviotti,2003 The expert contributors to this book examine recent developments in empirical methods and applied simulation in evolutionary economics Using examples of innovation and technology in industry it is the first book to address the following questions in a systematic manner Can evolutionary economics use the same empirical methods as other research traditions in economics Is there a need for empirical methods appropriate to the subject matter chosen What is the relationship between appreciative theorising case studies and more structured empirical methods What is the relationship of modelling and simulation to empirical analysis Evolutionary economics is a relatively new research tradition and a book such as this which discusses the need for empirical and simulation methods appropriate to evolutionary economics will be of great interest to researchers of evolutionary economics and technological innovation

A Modern Reader in Institutional and Evolutionary Economics

European Association for Evolutionary Political Economy,2002 In the 1990s institutional and evolutionary economics emerged as one of the most creative and successful approaches in the modern social sciences This timely reader gathers together seminal contributions from leading international authors in the field of institutional and evolutionary economics including Eileen Appelbaum Benjamin Coriat Giovanni Dosi Sheila C Dow Bengt Ake Lundvall Uskali Maki Bart Nooteboom and Marc R Tool The emphasis is on key concepts such as learning trust power pricing and markets with some essays devoted to methodology and others to the comparison of different forms of capitalism An extensive introduction places the contributions in the context of the historical and theoretical background of recent developments in economics and the social sciences Essential reading for lecturers researchers graduates and advanced undergraduates in economics business studies and sociology this diverse yet complementary collection of essays will also find a broad readership amongst those wanting to understand the manifest changes apparent within modern socio economic systems

The Evolutionary Analysis of Economic Policy

Pavel Pelikán, Gerhard Wegner,2003 Traditional

doctrines of economic policy have largely failed to address the fact that human economies are evolving complex adaptive systems rather than equilibrating mechanisms This volume represents a step towards a more evolutionary approach to economic policy

Schumpeterian Puzzles Maria Brouwer,1991 Combines Schumpeter's theory and modern economics to give a new view of innovation in small and large firms

Schumpeter's Theory of Capitalist Motion Allen Oakley,1990 This timely book presents a detailed critical reassessment of Schumpeter's analysis of capitalist motion identifying those aspects that remain relevant to an understanding of modern capitalism It recognizes Schumpeter's very real achievement in giving prominence to entrepreneurial behaviour and the process of innovation as the mainspring of capitalist motion But it challenges the methodological and substantive dimensions of his analysis of economic systems Schumpeter's failure to situate his thesis in an appropriate vision of capitalism led him into an isolated narrow and harmonistic perception of economic motion divorced from the socio political context of capitalism

The Handbook of Economic Methodology John Bryan Davis,D. Wade Hands,Uskali Mäki,1998 The Handbook of Economic Methodology is a major multidisciplinary reference work on the developing field of economic methodology

The Markets for Innovation, Ownership, and Control Richard Hollis Day,Gunnar Eliasson,Clas Wihlborg,1993 Three themes are brought together in this volume innovative activity managerial performance in the organization of innovations and markets for ownership and control In consideration of these themes several specific questions are raised

Gandhi Marg ,2004

Studies in Entrepreneurship, Business and Government in Hong Kong Fu-Lai Tony Yu,2006 Using institutional and Austrian theories this book analyzes Hong Kong's economic transformation It focuses on knowledge and coordination problems and examines the role of entrepreneurship small Chinese family enterprises and government policies in the economic development of Hong Kong

The Transition to a Market Economy Tarmo

Haavisto, 1997 The Baltic countries of Estonia, Lithuania and Latvia were pioneers among the former Soviet republics in implementing political and economic reforms. Starting in 1988, the transition process in these three countries has been rapid and demonstrates the key role of economic issues in the reform process. In this important new book, a distinguished group of contributors assesses the current situation and highlights certain theoretical features of the transformation process. They conclude that the Baltic States have for the moment succeeded in their aim of stabilizing both the domestic price level and the exchange rate by a combination of responsible fiscal policy and adaptation of a pegged undervalued exchange rate.
