Sport and National Identity in the European Media Neil Blain, Raymond Boyle, Hugh O'Donnell, 1993 An analysis of the way in which mass media in 12 European countries turn sport into politics concentrating on the way the media contribute to the ongoing reconstitution of national identity While the greater part of the volume focuses in detail on the press there is also substantial commentary on television practice in several chapters and two chapters address themselves exclusively to television The volume is also concerned throughout with the political economy of the media world Distributed by St Martin's Press Annotation copyright by Book News Inc Portland OR

The Media and International Communication Barbara Lewandowska-Tomaszczyk, Tomasz Pludowski, Dolores V. Tanno, 2007 The twenty first century is

witness to complex social political and cultural phenomena transforming the world in which we live There are numerous aspects to this global process most of them however are related one way or another to the media of communication which foster and accelerate it The chapters in this book approach media and international intercultural communication from various global perspectives The authors provide insight into the impact of media on different contexts cultures and nations One theme that weaves its way throughout this collection of essays is an intercultural one broadly defined as the contact point between two cultures that changes both to some degree Scholars from different places in the world try to understand explain and or argue from a variety of traditions perspectives and values They examine the contact point between culture and identity media and culture art and media technology and translation theater and culture etc in order to better understand how and to what degree changes occur
