**Evil Agenda of the Secret Government** Tim Swartz, 1998-09 Because of the foreseeable threat of the spread of communism at the end of World War 2 secret alliances were formed between certain elements in US intelligence with German agents who slowly infiltrated the US military the government and large corporations Nearly 800 scientists were granted US citizenship under the code name Project Paper Clip At several locations including what has since become known as Area 51 German scientists have been working on a radically different technology that to most Americans would seem like something out of science fiction or from another world In addition to fancy flying machines a fraction of the US intelligence community has worked with these relocated Nazi scientists on brain washing techniques as well as chemical and biological warfare in order to control the American population should the need arise The Secret Government aka New World Order plans total control and is using the manipulation of the world's religions genetic engineering drugs and control of the media to accomplish their sinister deeds And while there are good and bad aliens coming to earth the secret government would like to blame as much as possible on ETs to keep the unsuspecting public off their trail If necessary they will use the idea of an alien threat to bring about world unity under their domination Here the author reveals that the real power behind the secret government is located in an underground base in the Antarctic which has been dubbed the Last Nazi Battalion Many UFO abductees are brought there and experimented upon The New World Order has developed psychosurgery implants and ESP to create the use of screen memory cover stories
