Financial Literacy Education Jay Liebowitz, 2018-10-09 Today's graduates should be grounded in the basics of personal finance and possess the skills and knowledge necessary to make informed decisions and take responsibility for their own financial well-being. Faced with an array of complex financial services and sophisticated products, many graduates lack the knowledge and skills to make rational informed decisions on the use of their money and planning for future events such as retirement. This book shows what you can do to improve financial literacy awareness and education. It covers the use of interactive games and tutorials, peer to peer mentoring and financial literacy contests in addition to more formal education. It gives you a sample of approaches and experiences in the financial literacy arena. Divided into three parts, the book covers financial literacy education for grades K-12, college and post college.
