emphasis on guided reading in primary classrooms It s a question that many educators like kindergarten teacher and literacy  
coach Cathy Mere are starting to ask Guided reading provides opportunities to teach students the strategies they need to  
learn how to read increasingly challenging texts but Cathy found that she needed to find other ways to help students gain  
independence While maintaining guided reading as an important piece of their reading program teachers need to offer  
students opportunities during the day to develop as readers to learn to choose books to find favorite genres and authors and  
to talk about their reading In More Than Guided Reading Cathy shares her journey as she moved from focusing on guided  
reading as the center of her reading program to placing children at the heart of literacy learning not only providing more  
time for students to discover their reading lives but also shaping instruction to meet the needs of the diverse learners in her  
classroom By changing the structure of the day Cathy found she was better able to adjust the support she was providing  
students allowing time for whole class focus lessons conferences and opportunities to share ideas as well as reading from self  
selected texts using the strategies skills and understandings acquired in reader s workshop The focus lesson is the  
centerpiece of the workshop It is often tied to a read aloud and connected to learning from the previous day helping to build  
skills extend thinking and develop independence over time This thoroughly practical text offers numerous sample lessons  
questions for conferences and ideas for revamping guided reading groups It will help teachers tweak the mix of instructional  
components in their reading workshops and provoke school wide conversations about the place of guided reading in a  
complete literacy curriculum **Martin Luther King, Jr.** Garnet Jackson,2001 Biography of the Civil Rights leader whose
