

FLUOROSCAN

Fluoroscán Imaging Systems es pionera en el concepto del mini arco en c para uso en traumatología y aplicaciones industriales. Nuestro primer sistema fue introducido a mediados de los años 80 con un diseño que se consideró revolucionario porque fue diseñado desde la perspectiva de los médicos. Las imágenes de alta resolución, los bajos niveles de radiación y la facilidad de uso, hacen de Fluoroscán la elección acertada para imágenes digitales, en tiempo real, en procedimientos de traumatología.

Entre los años de la presentación de nuestro primer producto y nuestro nuevo sistema premier, la filosofía Fluoroscán permanece inalterable: seguimos creyendo en consultar a nuestros clientes sobre sus necesidades, para después convertir esta información en tecnología e innovaciones que puedan ayudar al cirujano y al radiólogo a desempeñar su trabajo con más eficiencia y menor trauma para sus pacientes. Cuando use Fluoroscán™ se estará usted beneficiando de casi dos décadas de experiencia en digitalización de imágenes y una gran red de ventas y servicio.

Actualmente Fluoroscán es el líder mundial en instalación de mini arcos en c, nuestras oficinas centrales y fábrica están en Northbrook, Illinois. Contamos, además con representantes de ventas en cualquier estado de los EE.UU. y en la mayoría de los países del mundo.
