INTERVIEW WITH THE AUTHOR WHAT GENRE DO YOU PREFER Science fiction dystopia technothriller and to some extent young adult I do have a series of novellas in the vampire genre Yeah I know Doesn t fit That character Drayton came out of nowhere when I was at a community theatre production of Dracula I figured that an immortal vampire would more likely become compassionate and wise as he grew older The technothriller Halfskin is similar to vampires in that technology promises immortality and complete control of our bodies But then what WHY A SYNTHETIC STEM CELL Organic life is too nilly willy We re limited by our DNA Give it to the scientists to perfect this vehicle that carries us around because it is a vehicle If we no longer have organic bodies if every one of our cells is replaced by something manmade all the way down to the neurons and synapses then what are we What if our world is just a computerized environment ala The Matrix Would we know the difference Look we re printing organs today I m not but someone is Some genius has figured out how to push play and heart or liver or kidney comes down the chute Halfskin takes the idea into the distant future and explores whether this leads to more happiness or just more of the same Because more money more problems
