and causes many online arguments yet most anglers show CLEAR GAPS in their skills and knowledge So if you want to go beyond bobbers and split shot you ll need to dodge an overwhelming tide of BS online covering Tight Line Nymphing and European competition methods While there are good books available certain tactics are left out keeping a number of methods known only to a handful of top anglers and it is difficult to build a strategy for choosing and using each of the different rigs methods and flies The aim of this book is to arm you with the most complete range of tactics possible and give you the confidence to tackle new waters and different conditions It does this by clearly explaining WHY to choose as well as HOW to use each rig technique The methods include Czech nymphing both the little known LONG line variant the famous SHORT line tactics Polish nymphing Ladder Leader Nymphing so you can quickly alter the spacing between your droppers which means you re more likely to actually benefit from those fine tuning tweaks Classic French Nymphing The family of modern Nymphes au Fil P che a la Semp and Spanish Nymphing French Leader with Dry Fly French Leader with Streamer Duo and Trio Euro style Hopper Dropper with everything off the water up to the dry Slovakian nymphing and even a little suspension nymphing so that the typical Tight line Euro tactics don t have it all their own way All this is underpinned by the understanding of a freshwater biologist and nymph fishing addict which reveals important secrets of predators and prey behaviour in our rivers and how to hotwire that system with our artificial flies Stories from around the world bring the tactics to life as well as making the take home messages much more memorable so you ll actually use them in your own fishing PLUS Full color photos of actual flies gifted during major international competition events which let you peek inside boxes of multiple World Championship competitors including captains and coaches Multiple Detailed Spotlight Features on Sighters indicators Reading the Water Stealth Casting Feeding Biology of Fish Trade Secret Leader Recipes and Chemical Treatments A Simplified Set of Fly Patterns Magic Bullet Method Selecting Rigs Flies Fishing Locations Method in my Madness Carefully layering the information means that there are quick win tips you can use right away while bigger ideas build up and become absorbed naturally over the course of the book I believe this gives you the best chance of greatly improving your ability to catch fish to adapt to situations and perhaps re boot your love of fly fishing in the process Who SHOULDNT buy this This is a practical paperback manual not an ornament Don t buy this book if informal conversational language or Sans Serif font aren t your things You can check out the design layout in Amazon s Look Inside preview feature before you purchase
