Folk And Nation Ethnonationalism Explained:

Folk and Nation Arthur Kemp, 2012 **Folk and Nation** Arthur Kemp, 2018-10-21 A handbook which explains in detail the concept of ethno nationalism Its universal ideas can be used as a manual to propagate the idea of ethnonationalism among all peoples across the world Multi-Religious Perspectives on a Global Ethic Myriam Renaud, William Schweiker, 2020-11-29 Ratified by the Parliament of the World's Religions in 1993 and expanded in 2018 Towards a Global Ethic An Initial Declaration or the Global Ethic expresses the minimal set of principles shared by people religious or not Though it is a secular document the Global Ethic emerged after months of collaborative interreligious dialogue dedicated to identifying a common ethical framework This volume tests and contests the claim that the Global Ethic's ethical directives can be found in the world's religious spiritual and cultural traditions The book features essays by scholars of religion who grapple with the practical implications of the Global Ethic's directives when applied to issues like women's rights displaced peoples income and wealth inequality India's caste system and more The scholars explore their respective religious traditions ethical response to one or more of these issues and compares them to the ethical response elaborated by the Global Ethic The traditions included are Hinduism Engaged Buddhism Shi'i Islam Sunni Islam Confucianism Protestantism Catholicism Judaism Indigenous African Religions and Human Rights To highlight the complexities within traditions most essays are followed by a brief response by an expert in the same tradition Multi Religious Perspectives on a Global Ethic is of special interest to advanced students and scholars whose work focuses on the religious traditions listed above on comparative religion religious ethics comparative ethics and common morality Pessimism in International Relations Tim Stevens, Nicholas Michelsen, 2019-06-29 This volume explores the past present and future of pessimism in International Relations It seeks to differentiate pessimism from cynicism and fatalism and assess its possibilities as a respectable perspective on national and international politics The book traces the origins of pessimism in political thought from antiquity through to the present day illuminating its role in key schools of International Relations and in the work of important international political theorists The authors analyse the resurgence of pessimism in contemporary politics such as in the new populism attitudes to migration indigenous politics and the Anthropocene This edited volume provides the first collection of scholarly work on pessimism in International Relations theory and practice and offers fresh perspectives on an intellectual position often considered as disreputable as it is venerable **Balkan Transnationalism at the Time of Neoliberal Catastrophe** Dušan I. Bjelić, 2019-03-27 Offering a fresh look at the ways in which neoliberalism has claimed to cure the Balkan region of its ethnic particularities under the pretext of Europeanization this book shows how the reconfiguration of the economic political and cultural landscape of the region has resulted in its functioning as Europe's neocolony The contributors to this volume engage in postcolonial analysis of the Balkans past and present coloniality by way of interrogating race racism trauma film and global capitalism They challenge the idea of a United Europe that rests on the assumption that

the European Union's newness represents both a clean slate and the right to shift ownership of its colonial histories to former colonial subjects and their national histories. Taken as a whole, the volume seeks to transform Europe's colonial amnesia into postcolonial awareness and to speak from within the Balkans as a site of Europe's neocolony. As it critically interrogates a neocolonial reconfiguration of the Balkans as a massive social overhaul which includes at once global integration and local social disintegration, this book will be of interest to those studying the region as well as postcolonialism in general. This book was originally published as a special issue of *Interventions: Journal of Postcolonial Studies*. East European Nationalism, Politics and Religion Peter F. Sugar, 2024-10-28. The multi-national region of Europe situated between the German-speaking lands and those of the former Soviet Union has witnessed many varied manifestations of nationalism over the last two centuries. Professor Sugar has been in the forefront of those seeking to understand and explain these Eastern European nationalisms and eleven of his essays on the subject are included in this second selection of his studies. The first two essays deal with problems of ethnicity and its specific manifestations in the region; the next three present the growth of national antagonisms during the 19th century. The third and longest section then sets out to examine the interaction of fully developed nationalism in Eastern Europe with the various political movements and religious organizations that impacted upon these lands. Ethnic Times Dusan Kecmanovic, 2002. This title provides a firsthand experience of ethnonationalism among the peoples of the three major ethnonational groups: Serbs, Croats, and Bosniaks/Muslims in the former Yugoslavia. It traces the transformations of leading principles and views of people in times of severe ethnic tensions. *The Violence of Recognition* Pinky Hota, 2023-11-28. *The Violence of Recognition* offers an unprecedented firsthand account of the operations of Hindu nationalists and their role in sparking the largest incident of anti-Christian violence in India's history. Through vivid ethnographic storytelling, Pinky Hota explores the roots of ethnonationalist conflict between two historically marginalized groups: the Kandha, who are Adivasi tribal people considered indigenous in India, and the Pana, a community of Christian Dalits previously referred to as untouchables. Hota documents how Hindutva mobilization led to large-scale violence culminating in attacks against many thousands of Pana Dalits in the district of Kandhamal in 2008. Bringing indigenous studies as well as race and ethnic studies into conversation with Dalit studies, Hota shows that despite attempts to frame these ethnonationalist tensions as an indigenous population's resistance against disenfranchisement, Kandha hostility against the Pana must be understood as anti-Christian, anti-Dalit violence animated by racial capitalism. Hota's analysis of caste in relation to race and religion details how Hindu nationalists exploit the singular and exclusionary legal recognition of Adivasis and the putatively liberatory anti-capitalist discourse of indigeneity in order to justify continued oppression of Dalits, particularly those such as the Pana. Because the Pana lost their legal protection as recognized minorities (Scheduled Caste) upon conversion to Christianity, they struggle for recognition within the Indian state's classificatory scheme. Within the framework of recognition, Hota shows that indigeneity works as a political technology that reproduces the political economic and

cultural exclusion of landless marginalized groups such as Dalits The Violence of Recognition reveals the violent implications of minority recognition in creating and maintaining hierarchies of racial capitalism *The Wiley-Blackwell Companion to Political Sociology* Edwin Amenta, Kate Nash, Alan Scott, 2016-09-26 The Wiley Blackwell Companion to Political Sociology is a complete reference guide reflecting the scope and quality of the discipline and highlighting emerging topics in the field Global in focus offering up to date topics from an interdisciplinary international set of scholars addressing key issues concerning globalization social movements and citizenship The majority of chapters are new including those on environmental politics international terrorism security corruption and human rights Revises and updates all previously published chapters to include new themes and topics in political sociology Provides an overview of scholarship in the field with chapters working independently and collectively to examine the full range of contributions to political sociology Offers a challenging yet accessible and complete reference guide for students and scholars *Christianity and the Alt-Right* Damon T. Berry, 2021-07-14 Christianity and the Alt Right Exploring the Relationship looks back at the 2016 presidential election and the support President Trump enjoyed among white Evangelicals This cutting edge volume offers insights into the role of race and racism in shaping both the Trump candidacy and presidency and the ways in which xenophobia racism and religion intersect within the Alt Right and Evangelical cultures in the age of Trump This book aims to examine the specific role that Christianity plays within the Alt Right itself Of special concern is the development of what is called pro white Christianity and an ethic of religious tolerance between members of the Alt Right who are Pagan or atheist and those who are Christian whilst also exploring the reaction from Christian communities to the phenomenon of the Alt Right Looking at the larger relationship between American Christians especially white Evangelicals and the Alt Right as well as the current American political context the place of Christianity within the Alt Right itself and responses from Christian communities to the Alt Right this is a must read for those interested in religion in America religion and politics evangelicalism and religion and race *Dressing with Purpose* Carrie Hertz, 2021-12-21 Dress helps us fashion identity history community and place Dress has been harnessed as a metaphor for both progress and stability the exotic and the utopian oppression and freedom belonging and resistance Dressing with Purpose examines three Scandinavian dress traditions Swedish folkdr kt Norwegian bunad and S mi g kti and traces their development during two centuries of social and political change across northern Europe By the 20th century many in Sweden worried about the ravages of industrialization urbanization and emigration on traditional ways of life Norway was gripped in a struggle for national independence Indigenous S mi communities artificially divided by national borders and long resisting colonial control rose up in protests that demanded political recognition and sparked cultural renewal Within this context of European nation building colonial expansion and Indigenous activism traditional dress took on special meaning as folk national or ethnic minority costumes complex categories that deserve reexamination today Through lavishly illustrated and richly detailed case studies Dressing with Purpose introduces readers to individuals who adapt and

revitalize dress traditions to articulate who they are proclaim personal values and group allegiances strive for sartorial excellence reflect critically on the past and ultimately reshape the societies they live in **Sociological Abstracts** Leo P. Black Identity and Black Protest in the Antebellum North Patrick Rael,2002 Black Identity and Black Protest in the Antebellum North **Neighbors at War** Joel Martin Halpern,David A. Kideckel,2000 Before the former Yugoslavia was divided by wars its inhabitants successfully lived side by side in peace This collection seeks to explain how former neighbors became enemies with the hope that understanding what drove these peoples apart will help us discover ways for them to coexist in peace again Contributors analyze political cartoons psychiatry the arts visual media and law to present a diversity of views on the conflicts in Yugoslavia While the chapters in this book deal with regional developments they are not so much focused on politics as they are concerned with how values and attitudes are altered and new identities formed Thus this volume goes beyond recent journalistic accounts and should remain relevant for years to come This book began as a special issue of the journal Anthropology of East Europe Review Most of the contributors to that issue have revised their chapters for this collection and new chapters have been added including one on the recent war in Kosovo Essays range across all of former Yugoslavia emphasizing the variability and diversity of ethnic relations throughout its history Contributors are Mart Bax Brian C Bennett Nikolai Botev Bette Denich Elinor Despalatovi Hannes Grandits Joel M Halpern E A Hammel Robert M Hayden Goran Jovanovi va V Huseby Darvas David A Kideckel Mirjana Lausevic Lynn D Maners Julie Mertus Robert Gary Minnich Rajko Mursi Edit Petrovi Christian Promitzer Mirjana Prosi Dvorni Janet Reineck Jonathan Matthew Schwartz Andrei Simi and Stevan M Weise *Forthcoming Books* Rose Arny,1993-12 **Acta Koreana** ,1998 Ethnonationalism in the Contemporary World Daniele Conversi,2004 Essential reading for anyone interested in problems associated with ethnicity and nationalism it offers a guide to understanding the ethnonational forces that underpin much of recent terrorist activity

The Mass Psychology of Ethnonationalism Dusan Kecmanovic,2013-11-11 Throughout the nineteenth and twentieth centuries ethnonationalism has left its indelible mark on Europe and every other continent The latest events in the Balkans in central and eastern Europe and in the former Soviet Union unequivocally testify to the power and influence of ethnonationalism at the end of the second millennium What forces make people so committed to their ethnonational groups that they are ready to ignore all other concerns first and foremost the rights and interests of people of other ethnicities What is the social psychological and anthropological underpinning of ethnonationalism And finally why and how do people adhere to nation alist attitudes and beliefs These questions are virtually impossible to avoid for anyone who has directly felt the impact of ethnonationalism but they also present them selves to anyone who has indirectly experienced the prejudices

unleashed by ethnonationalist forces This book attempts to answer all these questions by focusing on national feeling and the social psychological and anthropological foundations that underly the sense of belonging that is essential to nationalism No matter how qualitatively different nationalist attitudes and beliefs are from national sentiment the latter has to be considered in any study of nationalism

Ethnonationalism Walker Connor, 1994 A series of essays which explores the origins and dynamics of the concept of ethnonationalism The author explains why the phenomenon has been misunderstood by Western policy makers who consistently underrate its influence and misinterpret its non rational passionate qualities

People, Nation and State Edward Mortimer, Robert Fine, 1999-12-31 Nations in the developed world are no less immune from these complex issues whether they involve Scottish nationalism the rival national identities of Northern Ireland the uneasy integration of former GDR citizens into a united Germany the perennial problems of Afro Americans and Hispanics in the USA not to mention the myriad factors raised by the disappearance of the Soviet Union
