How and to what Effect Do Science Fiction Texts Imagine Disaster? ,2020-04-29 Seminar paper from the year 2018 in the subject American Studies Literature grade 1.0 Birmingham City University language English abstract This essay aims at calling attention to the ravages of power relationships which drive disaster and subsequently the ascendance of dystopian post apocalyptic worlds in the texts chosen All responsible writers have become involuntary criers of doom because doom is in the wind but science fiction more so since science fiction has always been a protest medium the renowned author Philip K Dick commented on the purpose of writing science fiction Science fiction offers writers a platform to emphasise and magnify social inequalities target issues identify victims and encourage change The texts discussed in this essay include Ray Bradbury s short story *There Will Come Soft Rains* which tells of a technically elaborate house that seems to be the lone survivor after an atomic blast Philip K Dick s novel *The Man in the High Castle* that imagines a world in which the Axis powers triumph over the Allies and totalitarianism is established as the prevailing governmental system and third Raccoona Sheldon s short story *The Screwfly Solution* which describes the devastating effects of a pandemic that causes men to kill off womankind

First the terminology relevant to this essay will be established in order to provide a better understanding of the terms used As the function of this essay is to analyse how and to what effect science fiction texts imagine disaster the main part will be divided into two sections In the first section the portrayal of disasters in the three texts will be explored by looking into the power relations which inform the conflicts In the second part the effect of the emergence of dystopia will be discussed by reflecting about the texts intentions The main ideas will be summarised in a final conclusion
