By reviewing the critical thought of particular dystopian theorists, the beginning of the volume provides a theoretical context for the remainder of the book. Because dystopian literature is so closely related to utopian writing, the reference profiles and discusses eight important utopian works. The rest of the book includes entries for numerous dystopian novels, plays, and films. Each entry summarizes the work and discusses dystopian themes. The entries include short bibliographies with full bibliographic information provided at the end of the volume. This comprehensive guide covers the full period from Thomas More's *Utopia* to the present day. *How to Destroy the World* A Trevena, 2020-03-16.
