Remote Jobs 2025 Edition:

Remote Work, Internal Marketing and Human Resource Management Teena Mishra, 2024-12-02 Remote working is a developing idea that many organizations are embracing especially in light of COVID 19 and the rise in demand for remote and hybrid roles. As there is no standard model to use for implementation, a number of problems and difficulties develop as popularity increases and hybrid working environments become normalized. This book presents the views, opinions, and reality of remote work and creating an appropriate internal marketing culture in a remote environment. The key topics explored are the significance of remote work, remote work practice, reshaping the work environment, designing remote work models, remote work challenges, remote work facing business organizations, remote work management innovations and technology, the role of motivation and satisfaction in organizational development, employee empowerment in a remote setting, transparency and commitment for sustainable development, and the future of remote work. This research volume will be of value to researchers, academicians, practitioners, and students in the fields of human resource management, organizational studies, and innovation management.

Practical Penetration Testing with Kali (Hinglish Edition) A. Khan, 2025-10-22 Practical Penetration Testing with Kali Hinglish Edition by A. Khan is a hands-on and career-focused guide for beginners, intermediate security learners, and those who like design. The book's aim is to provide penetration testing methodology, lab setup, and responsible reporting, all in Hinglish, so that readers can understand ethical and legal boundaries and assess systems' security.

Work 3.0 Avik Chanda, 2023-04-24 What will the worker, workplace, and work itself look like in the future? Work 3.0 tackles this and some of the other most pressing and complex questions of the present age. Avik Chanda and Siddhartha Bandyopadhyay employ rigorous research, supplemented with industry reports, business case studies, expert interviews, anecdotes, their personal expertise, and insights to present a rich, multi-disciplinary brew that spans economics, statistics, public policy, history, sociology, psychology, law, political science, literature, and philosophy. Highly ambitious in scope, astonishingly rich in analytical detail, and far-reaching in its conclusions, the book will change the way you think about the future and how the past and present still shape it. Conceived as the ultimate future of work preparation guide, this book is essential reading for our tenuous and unpredictable times.

Information Systems and Design Victor Taratukhin, Mikhail Matveev, Jörg Becker, Yury Kupriyanov, 2022-01-27 This volume constitutes selected papers from the Second International Conference on Information Systems and Design (ICID 2021) held as a virtual event in September 2021. The 24 full papers and 4 short papers presented were thoroughly reviewed and selected from 51 submissions. They are organized in topical sections on digital transformation of enterprises, based on analysis and management tools, practical focused research, methodological support of analysis and management tools, theoretical focused research, young scientists research, and research in the areas of enterprise digitalization.
