The Fate of the Man of God from Judah Man Hee Yoon, 2020-01-21 An old prophet of Bethel lies to the man of God from Judah only to lead him to disobey God's command and to die as a result The man of God is killed for disobedience while the old prophet lives on and eventually even benefits from the death 2 Kgs 23:18 Why did God punish his prophet who was deceived not the one who deceived The text keeps silent about this as well as about the motive of the old prophet's lying This strange story takes up a big portion of the Jeroboam narrative 1 Kgs 11:14 For what purpose would the narrator have included the story in his coverage of Israel's history during the reign of King Jeroboam Does this story have any relevance to the rise and fall of the first king of the northern kingdom If so how As it untangles the difficult details of the story this book reveals the narrator's perspective on the way God intervened in the history of Israel and focuses on the suffering that God's prophets sometimes had to undergo as bearers of God's words

*Kant and the Fate of Autonomy* Karl Ameriks, 2000-06-26 It has been argued that Kant's all-consuming efforts to place autonomy at the center of philosophy have had in the long run the unintended effect of leading to the widespread discrediting of philosophy and of undermining the notion of autonomy itself The result of this Copernican revolution has seemed to many commentators the de-centring if not the self-destruction of the autonomous self In this major reinterpretation of Kant and the post-Kantian response to his critical philosophy Karl Ameriks argues that such a view of Kant rests on a series of misconceptions By providing the first systematic study of the underlying structure of the reaction to Kant's critical philosophy in the writings of Reinhold Fichte and Hegel Karl Ameriks challenges the presumptions that dominate popular approaches to the concept of freedom and to the interpretation of the relation between the Enlightenment Kant and post-Kantian thought

**Nietzsche and the Fate of Art** Philip Pothen, 2017-08-03 This title was first published in 2002 Challenging the accepted orthodoxy on Nietzsche's views on art this book seeks both to challenge and to establish a new set of concerns as far as discourses on Nietzsche's thoughts on aesthetics are concerned whilst at the same time using such insights to illuminate more central concerns of Nietzsche scholarship such as the will to power the illusion truth question the eternal return the death of God tragedy Wagner Following the development of Nietzsche's thoughts on art from his earliest writings to his last Pothen counters traditionally accepted interpretations by suggesting a need to recognize the deep suspicion and at times hostility that Nietzsche displays towards art and the artist throughout his text by emphasising the philosophical arguments underlying this deep suspicion and by viewing this tendency as something deeply connected to the other areas of his thought Readers with interests in Nietzsche studies aesthetics German philosophy and the philosophy of music will find this a particularly invaluable and distinctive contribution to Nietzsche scholarship
