

The IMB recommends:

- **That the World Health Assembly considers a resolution to declare polio eradication an emergency for global public health (April 2011)⁹**
- **That leaders of WHO, UNICEF, CDC, Rotary International, and the Bill and Melinda Gates Foundation Global Health Program speak in person by teleconference every quarter (April 2011)⁹**
- **That the program examine the potential for combined IPV/OPV use in stopping transmission (July 2011 onwards)¹⁷**
- **That vaccinators become the focus of an internal communications drive to engage, train, and motivate them to success (February 2012)¹⁰**
- **That contingency plans are drawn up to make use of the International Health Regulations to require that people travelling from a polio-affected country have a complete and documented course of vaccination before they are allowed to travel (June 2012)¹¹**
- **That the program construct and implement a plan to correct its crippling underemphasis on social mobilization and communications (May 2013)¹⁸**
- **That a global action plan be drawn up, identifying a definitive red list of the countries most vulnerable to polio and actions to protect each of them (October 2013)⁸**

Global Guidelines Independent Monitoring Of Polio

Hussin A.Rothana

Global Guidelines Independent Monitoring Of Polio:

Standard operating procedures: responding to a poliovirus event or outbreak, version 3.1 World Health Organization, 2020-03-31 *Estimating and monitoring yellow fever reactive campaign vaccination coverage* World Health Organization, 2024-04-16 Yellow fever YF is an acute viral haemorrhagic disease transmitted by infected mosquitoes YF is prevented by a highly effective safe and affordable vaccine a single dose of vaccine provides sustained immunity and lifelong protection against YF disease Unprecedented urban outbreaks in 2016 in Angola and the Democratic Republic of the Congo demonstrated that despite routine immunization challenges remain in ending YF epidemics Outbreaks occur in Africa and the Americas but there is also increased risk of international spread through viraemic travellers as seen in 2017 with YF cases who travelled to China The comprehensive global strategy Eliminate Yellow fever Epidemics EYE is a coalition of partners Gavi the Vaccine Alliance the United Nations Children's Fund and WHO and affected countries set up in response to these challenges The EYE Strategy is aligned to face YF's changing epidemiology the resurgence of mosquitoes and the increased risk of urban outbreaks and international spread **Global Polio Surveillance Action Plan 2022-2024** World Health Organization, 2022-05-20 **Global Polio Eradication Initiative: annual report 2022** World Health Organization, 2024-03-10 Contributions of the polio network to the COVID-19 response, 2020-09-14 Personnel and infrastructure established through the polio eradication programme with their extensive experience in disease surveillance and responding to outbreaks and other humanitarian emergencies and with trusted outreach networks in the most underserved communities are once again proving their value during the COVID 19 pandemic as highly skilled contributors to national public health capacities National health programmes in the African South East Asia and Eastern Mediterranean regions of the World Health Organization WHO regions where the Global Polio Eradication Initiative GPEI has its largest footprint are relying on polio assets to bolster public health capacities and to help to prepare for the long term recovery and future resilience that will be needed after the pandemic The COVID 19 pandemic highlights the urgent need for robust and systematic implementation of plans for the integration of assets and functions so far supported by GPEI into national health systems As the world reaches closer to polio eradication resources for the polio programme will decline putting this valuable network at risk National governments and development partners have a duty to ensure that sufficient resources are made available to recover from the economic social and health consequences of COVID 19 and to build robust public health emergency preparedness and response systems to improve countries resilience The critical role that polio assets have played in tackling multiple health emergencies and in supporting immunization activities coupled with their contributions in responding to the COVID 19 pandemic and the potential role they can play in the recovery phase demonstrate the need to sustain these capabilities to advance national and global health security Oxford Textbook of Global Public Health Roger Detels, 2015 Sixth edition of the hugely successful internationally recognised textbook on global public health and

epidemiology with 3 volumes comprehensively covering the scope methods and practice of the discipline Polio News,2007 **Polio's Last Stand?** Independent Monitoring Board of the Global Polio Eradication Initiative,2012 1 When the Independent Monitoring Board IMB issued its first report early in April 2011 99% of polio had been eradicated a decade previously but 1% had remained since then Four countries had endemic disease India Pakistan Nigeria and Afghanistan Three countries that had previously been free of disease had re established transmission for more than six months Angola Chad and the Democratic Republic of Congo There had been 14 outbreaks in other countries since the start of 2010 2 In its series of meetings and reports the IMB has challenged affected countries and those leading the Global Polio Eradication Initiative we use the term the Programme for the sum total of these people and activities to look critically at performance and improve it The IMB has pushed the Programme to broaden its thinking and approach to embrace more strongly the people factors that are critical to this endeavour Traditionally the Programme s strengths have lain with technical and epidemiological disease control interventions and activities 3 The IMB has been pleased that the Programme has responded positively to our guidance We have seen its leadership reflect learn change its emphasis and increase its urgency 4 As we issue this our sixth report All but 0.1% of polio has been eradicated globally there were 350 000 cases in 1988 there have been just 175 so far in 2012 Polio is more tightly confined than ever before affecting just 94 districts in four countries so far this year The Programme is enjoying an unprecedented level of priority and commitment much of it stemming from the World Health Assembly s declaration of polio eradication as an emergency for global public health 5 The IMB was established to monitor the Programme s 2010-12 Strategic Plan This aimed to stop global polio transmission by the end of 2012 The Programme will now clearly not achieve this goal 6 Despite it missing yet another deadline the IMB judges the Programme s prospects to be more positive than ever If this level of progress had been achieved at the start not the end of the 2010-12 period transmission could have been stopped by now **CDC Health Information for International Travel** Gary W. Brunette,2017 **Go Between** ,1999 **Relevé Épidémiologique Hebdomadaire** ,2014-07 **Independent Monitoring Board of the Global Polio Eradication Initiative Report** Independent Monitoring Board of the Global Polio Eradication Initiative,2014 The Independent Monitoring Board provides an independent assessment of the progress being made by the Global Polio Eradication Initiative in the detection and interruption of polio transmission globally This tenth report follows our eleventh meeting held in London from 30 September to 2 October 2014 At our meetings we benefit from the time and energy of many partners of the Global Polio Eradication Initiative We value our open discussions with these people but the views presented here are our own Independence remains at the heart of our role Each of us sits on the board in a personal capacity As always this report presents our findings frankly objectively and without fear or favour Bulletin of the World Health Organization World Health Organization,2012 Journal of the Indian Medical Association ,2005 Emerging Infections ,1998 Yearbook of International Organizations 2014-2015, Volumes 1a & 1b (Set) Union of

International Associations, 2014-06-16 Volume 1 A and B covers international organizations throughout the world comprising their aims activities and events **Guide to Funding for International and Foreign Programs** ,1994 *World Travel Guide* Columbus Publishing Ltd, Marie Peyre, 2005 With E World guide CD **Willing's Press Guide** ,2004 Coverage of publications outside the UK and in non English languages expands steadily until in 1991 it occupies enough of the Guide to require publication in parts *The World Guide* ,2007

This is likewise one of the factors by obtaining the soft documents of this **Global Guidelines Independent Monitoring Of Polio** by online. You might not require more mature to spend to go to the ebook commencement as without difficulty as search for them. In some cases, you likewise attain not discover the revelation Global Guidelines Independent Monitoring Of Polio that you are looking for. It will categorically squander the time.

However below, following you visit this web page, it will be as a result extremely easy to acquire as competently as download guide Global Guidelines Independent Monitoring Of Polio

It will not put up with many get older as we accustom before. You can realize it even though acquit yourself something else at house and even in your workplace. appropriately easy! So, are you question? Just exercise just what we manage to pay for under as skillfully as evaluation **Global Guidelines Independent Monitoring Of Polio** what you subsequent to to read!

Global Guidelines Independent Monitoring Of Polio Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Global Guidelines Independent Monitoring Of Polio free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Global Guidelines Independent Monitoring Of Polio free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and

genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Global Guidelines Independent Monitoring Of Polio free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Global Guidelines Independent Monitoring Of Polio. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Global Guidelines Independent Monitoring Of Polio any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Global Guidelines Independent Monitoring Of Polio Books

1. Where can I buy Global Guidelines Independent Monitoring Of Polio books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores.
