**Frontier Road** Simón Uribe, 2017-07-24 *Frontier Road* uses the history of one road in southern Colombia known locally as the trampoline of death to demonstrate how state building processes and practices have depended on the production and maintenance of frontiers as inclusive exclusive zones often through violent means Considers the topic from multiple perspectives including ethnography of the state the dynamics of frontiers and the nature of postcolonial power space and violence Draws attention to the political environmental and racial dynamics involved in the history and development of transport infrastructure in the Amazon region Examines the violence that has sustained the state through time and space as well as the ways in which ordinary people have made sense of and contested that violence in everyday life Incorporates a broad range of engaging sources such as missionary and government archives travel writing and oral histories Spatial

Histories of Radical Geography Trevor J. Barnes, Eric Sheppard, 2019-08-05 A wide ranging and knowledgeable guide to the history of radical geography in North America and beyond Includes contributions from an international group of scholars Focuses on the centrality of place spatial circulation and geographical scale in understanding the rise of radical geography and its spread A celebration of radical geography from its early beginnings in the 1950s through to the 1980s and after Draws on oral histories by leaders in the field and private and public archives Contains a wealth of never before published historical material Serves as both authoritative introduction and indispensable professional reference *Frontier*

*Assemblages* Jason Cons, Michael Eilenberg, 2019-02-26 *Frontier Assemblages* offers a new framework for thinking about resource frontiers in Asia Presents an empirical understanding of resource frontiers and provides tools for broader engagements and linkages Filled with rich ethnographic and historical case studies and contains contributions from noted scholars in the field Explores the political ecology of extraction expansion and production in marginal spaces in Asia Maps the flows frictions interests and imaginations that accumulate in Asia to transformative effect Brings together noted anthropologists geographers and sociologists Other Geographies Sharad Chari, Susanne Freidberg, Vinay Gidwani, Jesse

Ribot, Wendy Wolford, 2017-10-02 An international group of distinguished scholars pay homage to and build on the work of one of the most influential thinkers of our time Michael Watts Shows how Michael Watts research writings teaching and mentoring have relentlessly pushed boundaries transforming his chosen field of geography and beyond Spans an array of topics including the political economy and ecology of African societies governmentality and territoriality in various Southern contexts food security cultural materialist expositions of capitalism modernity and development across the postcolonial world Builds on his legacy exploring its theoretical analytical and empirical implications and proposing exciting new possibilities for further exploration in the tracks of Watts **A Feminist Urban Theory for Our Time** Linda Peake, Elsa Koleth, Gokboru

Sarp Tanyildiz, Rajyashree N. Reddy, Darren Patrick/dp, 2021-08-09 What does a feminist urban theory look like for the twenty first century This book puts knowledges of feminist urban scholars feminist scholars of social reproduction and other urban

theorists into conversation to propose an approach to the urban that recognises social reproduction both as foundational to urban transformations and as a methodological entry point for urban studies Offers an approach feminist urban theory that remains intentionally cautious of universal uses of social reproduction theory instead focusing analytical attention on historical contingency and social difference Eleven chapters that collectively address distinct elements of the contemporary crisis in social reproduction and the urban through the lenses of infrastructure and subjectivity formation as well as through feminist efforts to decolonize urban knowledge production Deepens understandings of how people shape and reshape the spatial forms of their everyday lives furthering understandings of the infinite variety of the urban Essential reading for academics researchers and scholars within urban studies human geography gender and sexuality studies and sociology

**Liquid Democracy** Yu-Shan Tseng, 2025-02-25 This timely book carefully interrogates the increasingly fraught intersections of the digital the city and democracy It is a book that will endure bristling as it is with thoughtful reflection and insight on the democratic challenges that unfold amidst the ordinary troubled and generative digital worlds of cities as different as Madrid Taipei and Helsinki Amidst the work of policymakers activists and engineers what emerges is a hopeful exploration of what digital democracy platforms might enable Professor Colin McFarlane Durham University This vital book moves beyond a universal analysis of the effects of social media platforms on liberal democracy Through an in depth examination of civic platforms in Finland Spain and Taiwan Tseng provides a compelling and nuanced empirical and theoretical analysis of the contingent relationship between platforms place and democracy Professor Rob Kitchin Maynooth University Reimagining Democracy in the Digital and Urban Age How can democracy adapt and thrive in a world reshaped by artificial intelligence and digital platforms In Liquid Democracy author Yu Shan Tseng offers a bold new framework for understanding democracy as a dynamic fluid process Challenging the idea that AI and digital tools are inherently anti democratic this innovative volume bridges theory and practice to investigate various liquid conditions a novel concept capturing how political action flows and transforms like water within the intersections of urban spaces and digital technologies Through an in depth comparative study of three groundbreaking digital democracy platforms Decide Madrid in Madrid OmaStadi in Helsinki and vTaiwan in Taipei Tseng explores how digital platforms can foster participatory governance pluralism and alternative democratic futures In depth chapters critically examine the interactions between humans algorithms and urban systems revealing how digital tools reconfigure the boundaries of political participation decision making and collective action Throughout the text Tseng offers fresh insights into how democracy emerges under contingent conditions shaped by technology and geography Drawing from years of ethnographic fieldwork Liquid Democracy is essential reading for master s and PhD students in geography political science and urban studies as well as scholars practitioners and policymakers interested in digital governance smart cities civic technology and algorithmic politics **Global**

**Displacements** Marion Werner, 2015-10-15 Challenging the main ways we debate globalization Global Displacements

reveals how uneven geographies of capitalist development shape and are shaped by the aspirations and everyday struggles of people in the global South Makes an original contribution to the study of globalization by bringing together critical development and feminist theoretical approaches Opens up new avenues for the analysis of global production as a long term development strategy Contributes novel theoretical insights drawn from the everyday experiences of disinvestment and precarious work on people s lives and their communities Represents the first analysis of increasing uneven development among countries in the Caribbean Calls for more rigorous studies of long accepted notions of the geographies of inequality and poverty in the global South *NDU Journal* ,2018 **Alternative Press Index** ,1997 *alternative press index* ALTERNATIVE PRESS INDEX,2002 Globalization and Development United Nations. Economic Commission for Latin America and the Caribbean,2003 The international response to opportunities and risks arising from globalization has been incomplete and uneven But a proactive approach by a network of institutions could correct existing asymmetries and build a rights based international social agenda Globalization and Development provides a historical overview of economic development in the Latin America and Caribbean region and proposes an economic and noneconomic agenda that addresses disparity respects diversity and fosters complementarity among regional national and international institutions This book provides a profound analysis of key problems facing the global economic order Equally important the agenda put forward provides perceptive food for thought for all who are committed to overcoming the fundamental asymmetries that pervade the world economy today It recognizes that success in creating a better global order must go beyond the topics that have been at the center of discussion in the past There must be an adequate supply of global public goods and we need to incorporate at the global level values that we often take for granted at the national level a commitment to global democracy global citizenship and global social justice *Globalization and Development* José Antonio Ocampo,2003 **Demographic Issues and Policy Options to Ameliorate Caribbean Population-development Conflicts** Dennis Conway,1991 **The Urban Caribbean in an Era of Global Change** Robert B. Potter,2017-03-02 Based on the author s first hand field research this book addresses the twin processes of urbanization and globalization as they affect the contemporary Caribbean region One of the key aims of the book is to focus attention on the fact that contrary to popular perceptions the Caribbean is highly urbanized Indeed statistics show that the region is more highly urbanized than the world taken as a whole In addition the fact that the Caribbean region has always been affected by processes of globalization in respect of its economy polity and society is central to the text The chapters cover pressing topics such as urban change and the evolution of mini metropolitan regions the importance of the mercantile and plantopolis frameworks tourism post modernity and the urban nexus economic change and the dual processes of global convergence and divergence and the nature of the relationships existing between the state the informal sector housing and environmental conditions In reality it is shown that the development of tourism and enclave manufacturing is leading to new forms of urban concentration and not spatial dispersal **Politics and**

**Development in the Caribbean Basin** Jean Grugel, 1995 Grugel has produced a first rate introduction to the development dilemmas confronting the peoples of the Caribbean and Central America The book will enlighten general readers with an interest in the politics of geopolitical and economic dependency And for appreciating the remaining difficulties facing small nations attempting equitable and harmonious development it will remind Caribbean and Central American specialists just how valuable a good comparative analysis can be Foreign Affairs excellent comparative survey of the political economy of the Caribbean Basin Choice This wide ranging survey of the political economy of the Caribbean Basin and its position in the emerging global order also assesses the attempts by revolutionary regimes in the region to create alternative models of development and the reasons for their failure *Recent Global Developments and Their Implications for the Caribbean* Hilbourne A. Watson, 1991

**The World of Forking Paths** Alessandro Rebucci, Julián Caballero, Andrés Fernández Martín, Eduardo Fernández-Arias, 2012-03-15 This report details the divergent paths that the world economy may take and their potential effects on Latin America and the Caribbean Scenarios are constructed employing a modeling exercise that captures the trade financial and other linkages between the region and the rest of the world While vulnerabilities remain and external shocks have been and remain critical the region enjoys many strengths and has developed a growing arsenal of policy tools What is the balance of vulnerabilities versus strengths How can countries address the existing vulnerabilities How can they perfect their policy tools and minimize the effect of external crises *Caribbean Development in the New Multipolar World Order* Dennis C. Canterbury, 2021-08 This book addresses the subject of critical development alternatives for Caribbean Community CARICOM states in a post neoliberal new multipolar world order based on competition and co operation by the United States the European Union China and Russia for natural resources and markets Neoliberal globalization has traditionally restricted economic and political activities in the Caribbean region to western style free market capitalism and liberal democracy However through an exploration of the new multipolar world order which replaces the US led unipolar global order that existed since the collapse of the former Soviet Union the author argues that today the Caribbean Community states now have real economic and political options for development alternatives Through examining how countries such as China and Russia have risen to economic success in recent years the book seeks to explore how the Caribbean Community states might adopt such features which would allow them to formulate another development such as introducing measures which can bring about a reconciliation between resource use and endowment and reduce inequalities As such it will appeal to scholars of sociology and development studies with interests in the Caribbean region and world order
