## **Global Monitoring Report 2014/2015 Ending Poverty And Sharing Prosperity:**

**Global Monitoring Report 2014/2015** World Bank;International Monetary Fund,2014-10-21 The Global Monitoring Report 2014 2015 Ending Poverty and Sharing Prosperity was written jointly by the World Bank Group WBG and the International Monetary Fund with substantive inputs from the Organisation for Economic Co operation and Development This year s report details for the first time progress toward the WBG s twin goals of ending extreme poverty by 2030 and promoting shared prosperity and assesses the state of policies and institutions that are important for achieving them The report continues to monitor progress on the Millennium Development Goals MDGs Also for the first time the report includes information about high income countries It finds that while gaps in living standards have been closing in many countries the well being of households in the bottom 40 percent as measured by the non income MDGs such as access to education and health services remains below that of households in the top 60 percent The focus of this year s report is on three elements needed to make growth more inclusive and sustainable investment in human capital that favors the poor the best use of safety nets and steps to ensure the environmental sustainability of economic growth These three elements are imperative to all countries development strategies and are also fundamental to global efforts to achieve the twin goals the MDGs and the Sustainable Development Goals that will succeed the MDGs Global Monitoring Report 2014 2015 was prepared in collaboration with regional development banks and other multilateral partners

**Global Monitoring Report 2015/2016** World Bank;International Monetary Fund,2015-11-02 The Global Monitoring Report 2015 2016 produced by the World Bank Group in partnership with the International Monetary Fund comes at an inflection point in both the setting of global development goals and the demographic trends affecting those goals This year marks the end of the Millennium Development Goals MDGs and the launching of the Sustainable Development Goals SDGs while the World Bank Group has in parallel articulated the twin goals of sustainably ending extreme poverty and sharing prosperity This report presents the latest global poverty numbers based on the 2011 purchasing power parity PPP data and examines the pace of development progress through the lens of the evolving global development goals The special theme of this year s report examines the complex interaction between demographic change and development With the number of children approaching a global ceiling of two billion the world s population is growing slower It is also aging faster with the share of people of working age starting a decline in 2013 But the direction and pace of these trends vary starkly across countries with sizeable demographic disparities between centers of global poverty marked by high fertility and drivers of global growth marked by rapid aging These demographic disparities are expected to deeply affect the pursuit of the post 2015 agenda accentuating existing challenges and creating new opportunities

*Rural Development* Paola de Salvo,Manuel Vaquero Pineiro,2022-02-02 The book brings together a series of contributions with a common goal of reflecting the links between economic development and rural development The scenario is dotted not only with old and new wounds but also with innovative strategies in an attempt to

overcome existing delays The chapters of the book are composed of scenarios full of case studies The plans to be adopted to help the countries that have lagged behind fueled an intense debate since the obstacles to development as evidenced by the extensive scientific literature available now appeared to be the realities present in the socio economic structures of a large number of villages Although the data available are still few it is assumed that the Covid 19 pandemic will make a landscape already full of criticalities even more fragile *The Struggle for Social Sustainability* Deeming, Christopher, 2021-04-28 The ongoing social crises and moral conflicts evident in global social policy debates are addressed in this timely volume Leading interdisciplinary scholars focus on the social of social policy which is increasingly conceived in a globalised form as new international agreements and global goals engender social struggles They tackle pressing social questions many of which have been exacerbated by COVID 19 including growing inequality changing world population ageing societies migration and intersectional disadvantage This ground breaking volume critically engages with contested conceptions of the social which are increasingly deployed by international institutions and policy makers Focusing on social sustainability social cohesion social justice social wellbeing and social progress this text is even more crucial as policy makers look to accelerate socially sustainable solutions to the world s biggest challenges India at a Glance Rajendra Kumar Sharma, 2016-01-07 It is a proud feeling for me to publish and present the first edition of my book India At A Glance The book is being published through reputed publisher Partridge India The book which has hit the stands has been written with an exceptionally optimistic outlook about India There is no ill intention to undermine or give any sweeping opinion about any Government or individual If anything is allowed to happen that is due to circumstances prevailing at a particular time and customary ethical and moral values of countrymen The issue raised and discussed in this book have been haunting me since long I have tried to highlight all issues facing the country so that enlightened public may rise to the occasion and help resolve them to make India a country free from evils like corruption nepotism poverty population explosion communal intolerance unemployment and under employment etc The problem of the 20th century have continued in the current century as well The endeavour of this book is to educate the students of all the educational institutions and disciplines including competitive examinations and persons who are interested in understanding the social economic and political problem of India **Perspectives on International Relations** Henry R. Nau, 2019-12-04 Nau clarifies that which is complicated thereby allowing students to make better sense of their world and to become better global citizens Stewart Dippel University of the Ozarks Henry R Nau s best selling book Perspectives on International Relations is admired for its even handed presentation of realism liberalism constructivism and critical theory and for integrating these perspectives in every chapter Students are able to explore the ways these different perspectives shape our understanding of the root causes of historical events and current controversies and then think critically about the world s most urgent issues The new Seventh Edition includes updates on Brexit the rise of nationalism the escalation of terrorism the use of social media in political protests around the world and continuing

**Introduction to Sociology of Development** Muhammad Tasiu Dansabo,2025-09-29 This book represents a modest albeit important attempt to introduce students to the basics of Sociology of Development as one of the core areas of the study of Sociology that emphasises the place of Third World Countries and their varied problematiques of development It is therefore a very important text and is recommended generally to students of social and management sciences Indeed even advanced students of Sociology will find this book useful as it addresses with clear illustrations some key development problems affecting Nigeria viz insecurity poverty and corruption Overall this book is strongly recommended for all categories of social science students as it provides a window to the general sociological issues of development When looking through that small window it would telescope the broader sub field of Sociology of Development Professor Sulaiman KURA Dept of Political Science Usianu Danfodiyo University Sokoto Nigeria

**Achieving Zero Hunger** Food and Agriculture Organization of the United Nations,2018-06-05 This report provides estimates of investment costs both public and private required to eliminate chronic dietary energy deficits or to achieve zero hunger by 2030 This target is consistent with achieving both the Sustainable Development Goal 2 to eliminate hunger by 2030 and the Sustainable Development Goal 1 to eradicate poverty The report adopts a reference baseline scenario reflecting a business as usual situation to estimate the additional investment requirements In this scenario around 650 million people will still suffer from hunger in 2030 The investment requirements to eliminate hunger by 2030 are then estimated Hunger is eliminated through a combination of social protection and targeted pro poor investments The first component aims to bring the poor immediately above the extreme poverty line through social protection by a transfer to cover the poverty gap PGT The second component involves additional investment required to stimulate and to sustain higher pro poor growth of incomes and employment than in the business as usual scenario This would in turn reduce the need for social protection to cover the PGT The analysis is complemented by looking at alternative ways to achieve zero hunger by 2030

**Social Programmes, Poverty Eradication and Labour Inclusion** Laís Wendel Abramo,Simone Cecchini,Beatriz Morales,2019 Diverse social programmes including conditional cash transfer programmes labour and production inclusion programmes and social pensions are being implemented in Latin American and Caribbean countries with the aim of ending poverty and reducing inequalities throughout the life cycle This book offers an up to date analysis of these programmes and the way they relate to labour inclusion and analyses ongoing debates regarding the possible incentives and disincentives they

create in terms of the labour supply formalization and child labour among the target population Considering that poverty is a structural problem of highly unequal societies the thesis that poverty is due to a lack of effort on the part of the poor is argued to be an expression of the strong prejudice against those living in poverty the great majority of whom work or are actively seeking employment but are hampered by the large decent work deficits existing in the region From an integrated and rights based perspective public policies should simultaneously address the twofold challenge of social and labour inclusion in order to achieve basic thresholds of well being by ensuring income universal access to good quality social services and opportunities for decent work

**Parliamentary Debates** India. Parliament. Rajya Sabha, 2014-12 Facing the Challenges Unesco, World Water Assessment Programme (United Nations), 2015 The United Nations World Water Assessment Programme WWAP is hosted and led by UNESCO WWAP brings together the work of 31 UN Water Members as well as 37 Partners to publish the United Nations World Water Development Report WWDR series Under the theme Water for Sustainable Development the WWDR 2015 has been prepared as a contribution from UN Water to the discussions surrounding the post 2015 framework for global sustainable development Highlighting water's unique and often complex role in achieving various sustainable development objectives the WWDR 2015 is addressed to policy and decision makers inside and outside the water community as well as to anyone with an interest in freshwater and its many life giving benefits The report sets an aspirational yet achievable vision for the future of water towards 2050 by describing how water supports healthy and prosperous human communities maintains well functioning ecosystems and ecological services and provides a cornerstone for short and long term economic development It provides an overview of the challenges issues and trends in terms of water resources their use and water related services like water supply and sanitation The report also offers in a rigorous yet accessible manner guidance about how to address these challenges and to seize the opportunities that sound water management provides in order to achieve and maintain economic social and environmental sustainability

**The United Nations World Water Development Report** World Water Assessment Programme (United Nations), 2014 *Aus Politik und Zeitgeschichte*, 2015 A Measured Approach to Ending Poverty and Boosting Shared Prosperity World Bank, 2014-10-07 In 2013 the World Bank Group adopted two new goals to guide its work ending extreme poverty and boosting shared prosperity More specifically the goals are to reduce extreme poverty in the world to less than 3 percent by 2030 and to foster income growth of the bottom 40 percent of the population in each country While poverty reduction has been a mainstay of the World Bank's mission for decades the Bank has now set a specific goal and timetable and for the first time the Bank has explicitly included a goal linked to ensuring that growth is shared by all The discussion until now has centered primarily on articulating the new goals This report the latest in World Bank's Policy Research Report series goes beyond that and lays out their conceptual underpinnings discusses their relative strengths and weaknesses by contrasting them with alternative indicators and proposes empirical approaches and requirements to track progress towards the goals

The report makes clear that the challenges posed by the World Bank Group's new stance extend not just to the pursuit of these goals but indeed to their very definition and empirical content. The report also argues that an improved data infrastructure consisting of many elements including the collection of more and better survey data is critical to ensure that progress towards these goals can be measured and policies to help achieve them can be identified and prioritized.

**Poverty and Shared Prosperity 2016** World Bank Group, 2016. *Poverty and Shared Prosperity 2016* is the first of an annual flagship report that provides a global audience comprising development practitioners, policy makers, researchers, advocates, and citizens in general with the latest and most accurate estimates on trends in global poverty and shared prosperity. This edition documents trends in inequality and identifies recent country experiences that have been successful in reducing inequalities, provides key lessons from those experiences, and synthesizes the rigorous evidence on public policies that can shift inequality in a way that bolsters poverty reduction and shared prosperity in a sustainable manner. Specifically, the report addresses the following questions: What is the latest evidence on the levels and evolution of extreme poverty and shared prosperity? Which countries and regions have been more successful in terms of progress toward the twin goals and which are lagging behind? What does the global context of lower economic growth mean for achieving the twin goals? How can inequality reduction contribute to achieving the twin goals? What does the evidence show concerning global and between- and within-country inequality trends? Which interventions and countries have used the most innovative approaches to achieving the twin goals through reductions in inequality? The report makes four main contributions. First, it presents the most recent numbers on poverty, shared prosperity, and inequality. Second, it stresses the importance of inequality reduction in ending poverty and boosting shared prosperity by 2030 in a context of weaker growth. Third, it highlights the diversity of within-country inequality reduction experiences and synthesizes experiences of successful countries and policies addressing the roots of inequality without compromising economic growth. In doing so, the report shatters some myths and sharpens our knowledge of what works in reducing inequalities. Finally, it advocates for the need to expand and improve data collection, for example, data availability, comparability, and quality, and rigorous evidence on inequality impacts in order to deliver high-quality poverty and shared prosperity monitoring.

Monitoring Global Poverty World Bank, 2016-11-29. In 2013, the World Bank Group announced two goals that would guide its operations worldwide. First is the eradication of chronic extreme poverty, bringing the number of extremely poor people defined as those living on less than 1.25 purchasing power parity (PPP) adjusted dollars a day to less than 3 percent of the world's population by 2030. The second is the boosting of shared prosperity, defined as promoting the growth of per capita real income of the poorest 40 percent of the population in each country. In 2015, United Nations member nations agreed in New York to a set of post-2015 Sustainable Development Goals (SDGs), the first and foremost of which is the eradication of extreme poverty everywhere in all its forms. Both the language and the spirit of the SDG objective reflect the growing acceptance of the idea that poverty is a multidimensional concept.

that reflects multiple deprivations in various aspects of well being That said there is much less agreement on the best ways in which those deprivations should be measured and on whether or how information on them should be aggregated Monitoring Global Poverty Report of the Commission on Global Poverty advises the World Bank on the measurement and monitoring of global poverty in two areas What should be the interpretation of the definition of extreme poverty set in 2015 in PPP adjusted dollars a day per person What choices should the Bank make regarding complementary monetary and nonmonetary poverty measures to be tracked and made available to policy makers The World Bank plays an important role in shaping the global debate on combating poverty and the indicators and data that the Bank collates and makes available shape opinion and actual policies in client countries and to a certain extent in all countries How we answer the above questions can therefore have a major influence on the global economy

Development Goals in an Era of Demographic Change World Bank, International Monetary Fund, 2015-11-06 The Global Monitoring Report 2015 2016 produced by the World Bank Group in partnership with the International Monetary Fund comes at an inflection point in both the setting of global development goals and the demographic trends affecting those goals This year marks the end of the Millennium Development Goals MDGs and the launching of the Sustainable Development Goals SDGs while the World Bank Group has in parallel articulated the twin goals of sustainably ending extreme poverty and sharing prosperity This report presents the latest global poverty numbers based on the 2011 purchasing power parity PPP data and examines the pace of development progress through the lens of the evolving global development goals The special theme of this year's report examines the complex interaction between demographic change and development With the number of children approaching a global ceiling of two billion the world's population is growing slower It is also aging faster with the share of people of working age starting a decline in 2013 But the direction and pace of these trends vary starkly across countries with sizeable demographic disparities between centers of global poverty marked by high fertility and drivers of global growth marked by rapid aging These demographic disparities are expected to deeply affect the pursuit of the post 2015 agenda accentuating existing challenges and creating new opportunities

*Poverty and Shared Prosperity 2020* World Bank, 2020-12-23 This report provides an update on levels of global poverty and shared prosperity and explores which countries are on track to reduce extreme poverty to three percent by 2030 and beyond It will explain why this challenge is so complex and what complementary strategies might be needed to make greater progress by 2030

**Poverty and Shared Prosperity 2016** World Bank Group, 2016-10-12 Poverty and Shared Prosperity 2016 is the first of an annual flagship report that provides a global audience comprising development practitioners policy makers researchers advocates and citizens in general with the latest and most accurate estimates on trends in global poverty and shared prosperity This edition documents trends in inequality and identifies recent country experiences that have been successful in reducing inequalities provides key lessons from those experiences and synthesizes the rigorous evidence on public policies that can shift inequality in a way that bolsters poverty reduction and shared

Poverty and Shared Prosperity 2018 World Bank, 2018-12-20 The World Bank Group has two overarching goals End extreme poverty by 2030 and promote shared prosperity by boosting the incomes of the bottom 40 percent of the population in each economy As this year's Poverty and Shared Prosperity report documents the world continues to make progress toward these goals In 2015 approximately one tenth of the world's population lived in extreme poverty and the incomes of the bottom 40 percent rose in 77 percent of economies studied But success cannot be taken for granted Poverty remains high in Sub Saharan Africa as well as in fragile and conflict affected states At the same time most of the world's poor now live in middle income countries which tend to have higher national poverty lines This year's report tracks poverty comparisons at two higher poverty thresholds 3 20 and 5 50 per day which are typical of standards in lower and upper middle income countries In addition the report introduces a societal poverty line based on each economy's median income or consumption Poverty and Shared Prosperity 2018 Piecing Together the Poverty Puzzle also recognizes that poverty is not only about income and consumption and it introduces a multidimensional poverty measure that adds other factors such as access to education electricity drinking water and sanitation It also explores how inequality within households could affect the global profile of the poor All these additional pieces enrich our understanding of the poverty puzzle bringing us closer to solving it For more information please visit [worldbank.org/PSP](http://worldbank.org/PSP)
