Globalization A Very Short Introduction Globalization A Very Short Introduction:

Globalization Manfred B. Steger, 2017 Globalization is one of the defining buzzwords of our time describing a variety of accelerating economic political and cultural processes that constantly change our experience of the world The fourth edition of this Very Short Introduction provides an exploration of both the causes and effects of the phenomenon **Globalization** Manfred B. Steger, 2023 Globalization is one of the defining buzzwords of our time describing a variety of accelerating economic political and cultural processes that constantly change our experience of the world This book provides an exploration of both the causes and effects of the phenomenon Globalization: A Very Short Introduction Manfred B. Steger, 2020-05-28 We live today in an interconnected world in which ordinary people can become instant online celebrities to fans thousands of miles away in which religious leaders can influence millions globally in which humans are altering the climate and environment and in which complex social forces intersect across continents This is globalization In the fifth edition of his bestselling Very Short Introduction Manfred B Steger considers the major dimensions of globalization economic political cultural ideological and ecological He looks at its causes and effects and engages with the hotly contested question of whether globalization is ultimately a good or a bad thing From climate change to the Ebola virus Donald Trump to Twitter trade wars to China's growing global profile Steger explores today's unprecedented levels of planetary integration as well as the recent challenges posed by resurgent national populism ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable **Globalization: A Very Short Introduction** Manfred Steger, 2013-04-04 Globalization has become one of the defining buzzwords of our time a term that describes a variety of accelerating economic political cultural ideological and environmental processes that are rapidly altering our experience of the world It is by its nature a dynamic topic and this Very Short Introduction has been fully updated for a third edition to include recent developments in global politics the global economy and environmental issues Presenting globalization in accessible language as a multifaceted process encompassing global regional and local aspects of social life Manfred B Steger looks at its causes and effects examines whether it is a new phenomenon and explores the question of whether ultimately globalization is a good or a bad thing ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable **Globalization** Manfred B. Steger, 2010 For many scholars and political activists globalization encompasses a variety of economic political cultural ideological and environmental practices that have accelerated in the last few decades Manfred Steger presents globalization in plain readable English as a multifaceted system

encompassing global regional and local aspects of social life In addition to unpacking the term s various dimensions he investigates whether globalization is good or bad a question hotly debated in classrooms boardrooms and on the streets

Rethinking Globalism Manfred B. Steger,2004 What is the hottest American export since 9 11 The contributors to this provocative volume contend that it is Western style globalism the dominant free market ideology that determines everything from most favored nation status to the declaration of war In this much needed post September 11 analysis an interdisciplinary team of authors shows how central concepts like globalization liberty free markets and free trade are increasingly being subordinated to and lumped together with the war on terrorism led by the U S and its allies The authors here hailing from all five continents contend that globalism is being adapted to particular social and political contexts in various parts of the world Nonetheless the impact of globalization with an ideological twist can be devastating as military operations and propaganda supplant transnational trade initiatives as the focal point of global exchange And ironically the post 9 11 framework contains a major ideological contradiction Social forces otherwise profiting from expanded global mobility and interchange must come to grips with necessary limitations on certain aspects of globalization This volume was handcrafted to outline the major lines of inquiry proposed for the new Globalization series edited by Manfred B Steger and Terrell Carver Writing in accessible engaging prose the contributors to this anchor volume consider themselves critical globalization theorists who seek to provide readers with a better understanding of how dominant beliefs about globalization fashion their realities and how these ideas can be changed to bring about more equitable social arrangements Books in the series will share the same perspective and goals

Vulnerability Henk ten Have,2016-04-08 Alongside globalization the sense of vulnerability among people and populations has increased We feel vulnerable to disease as new infections spread rapidly across the globe while disasters and climate change make health increasingly precarious Moreover clinical trials of new drugs often exploit vulnerable populations in developing countries that otherwise have no access to healthcare and new genetic technologies make people with disabilities vulnerable to discrimination Therefore the concept of vulnerability has contributed new ideas to the debates about the ethical dimensions of medicine and healthcare This book explains and elaborates the new concept of vulnerability in today s bioethics Firstly Henk ten Have argues that vulnerability cannot be fully understood within the framework of individual autonomy that dominates mainstream bioethics today it is often not the individual person who is vulnerable rather that his or her vulnerability is created through the social and economic conditions in which he or she lives Contending that the language of vulnerability offers perspectives beyond the traditional autonomy model this book offers a new approach which will enable bioethics to evolve into a global enterprise This groundbreaking book critically analyses the concept of vulnerability as a global phenomenon It will appeal to scholars and students of ethics bioethics globalization healthcare medical science medical research culture law and politics

Globalization and Money Supriya Singh,2013-10-03 Globalization and Money explores how men and women particularly the poor and the unbanked in

the global South use money in ways that empower themselves and their families Supriya Singh argues that money as a medium of relationships across cultures is a central component of globalization She deftly weaves theory and individual stories to show how money is emblematic of interconnected markets the half of the world that is unbanked and gender disparities She shows how men s and women s banking patterns are tied to their management of money in the household Migrants send money home to show they care for their families and communities left behind Yet these remittances are far from symbolic instead they represent more than three times the total amount of official development assistance This book illustrates how many of the most exciting changes in harnessing people s savings widening credit and insurance and lowering the cost of technologies payments and money transfers are taking place in Africa Asia and Latin America Singh demonstrates how strategies to help the poor and marginalized have gone global in South South conversations making us rethink the contours of globalization and money

Globalization in the 21st Century Manfred B. Steger,2024-01-04 The fate of globalization in the 21st century hangs in the balance Although recent data show that most global integration has been on the rebound after the 2008-9 global financial meltdown and the COVID-19 pandemic public sentiments about globalization have soured The neoliberal glorification of globalization as beneficial market integration is running out of steam while national populist visions of deglobalization exert significant mass appeal Today s ostensible globalization backlash scenario seems to be confirmed by soaring inflation rates global supply chain disruptions accelerating climate change and ecological deterioration lagging transitions to greener forms of energy escalating economic inequality and rising geopolitical competition among the Great Powers especially the United States China rivalry and the protracted Russian Ukrainian war On the flipside however such grim scenarios reinforce the fact that most of today s problems are global in nature This book provides an accessible assessment of 21st century globalization that draws on global theory and history to engage pressing issues such as digitization ideological polarization higher education demographics human development and the environment Assembling such a big picture of globalization in this young century supports the practical efforts of setting the globe on a more equitable and sustainable path

The Effect of Globalization on World Poverty and Income Inequality Kelvin Okundaye,2018-03-05 Bachelor Thesis from the year 2016 in the subject Politics Topic Globalization Political Economics grade 1-7 University of Mannheim language English abstract In this paper we will try to determine if any of the theoretical camps are right and if so which one We will first review current literature to clarify which arguments frame the respective pro and con attitudes towards globalization This will include theoretical approaches as well as previous studies done in the field We will then empirically analyze the issue ourselves with the newest available data To do so we will first need to establish practicable definitions of globalization poverty and inequality and then try to find relationships between these factors Lastly we will interpret our results To conclude we will summarize our findings and discuss any limitations of our research

Governance: A Very Short Introduction Mark Bevir,2012-10-25 Generally referring to all forms of social

coordination and patterns of rule the term governance is used in many different contexts In this Very Short Introduction Mark Bevir explores the main theories of governance and considers their impact on ideas of governance in the corporate public and global arenas

New Perspectives on Philosophy and Education Gerald Lee Gutek,2009 Leading author Gerry Gutek discusses the major philosophical systems and then applies how these systems and ideologies contribute to educational theory Examines the origin meaning and relevance to teaching and learning New Perspectives on Philosophy and Education is organized into three major parts philosophies ideologies and theories of education Part I examines philosophy and education idealism realism pragmatism existentialism and postmodernism and analyzes their educational implications Part II examines Ideology Nationalism Liberalism Conservatism and Marxism and analyzes their educational implications Part III deals with theory Essentialism Progressivism Social Reconstructionism Critical Theory and Globalization in terms of their meaning for education In drawing out the educational implications of these philosophies ideologies and theories the author places them in the context of education schooling curriculum and instruction Pedagogical aspects include discussion questions topics for reflection and research websites and suggested readings

Globalization Manfred B. Steger,2009-12 Ideal for both undergraduate and graduate courses Globalization The Greatest Hits a Global Studies Reader covers all major dimensions of the subject economics politics and culture The premier scholar of globalization studies Manfred B Steger has brought together the greatest hits of the field since it emerged in the 1980s In addition to carefully selecting and editing twenty of the most influential pieces on globalization out of a vast repertoire of writing Steger provides an original and insightful introduction that spotlights the gist of these gems while also showing how they build on one another thematically Manageable in length and price this Top 20 collection shows how globalization has evolved and how it serves as a backdrop to the current global economic crisis

Globalization Vsi Manfred B. Steger,2006-02-17 [Newsline](#),2005

[Handbook of Research on Perspectives in Foreign Language Assessment](#) Köksal, Dinçay,Kavaklı Ulutaş, Nurdan,Arslan, Sezen,2023-02-27 As a predominant teaching paradigm foreign language learning has increasingly been one of the crucial elements that leads to career accomplishments for students Due to this foreign language assessment has emerged as a major topic in the field of foreign language learning The Handbook of Research on Perspectives in Foreign Language Assessment examines perspectives on language assessment through reflections on classroom applications and makes recommendations to strengthen quality language assessments by drawing on a variety of research methodologies It also provides a foundation as to why foreign language assessment as a discipline should be refocused with caution what sort of theoretical and practical implications should be in place for foreign language teachers and in what ways it may be possible to provide futuristic perspectives on foreign language assessment for test developers and users involved in language assessment Covering key topics such as testing literacy and language teaching this major reference work is ideal for industry professionals policymakers administrators researchers academicians scholars practitioners instructors preservice teachers

teacher educators librarians and students *Global Politics* Ben Whitham, Andrew Heywood, 2023-03-31 In turbulent global times your study of this subject is increasingly necessary and urgent Featuring a new chapter on critical theories and revised to take a less Eurocentric approach to concepts and case studies this new edition allows you to tackle global politics important concepts debates and problems How can theories help us to understand the politics of a global pandemic Do we live in a post truth world of fake news and disinformation Does international aid work Does the United States remain a global hegemon What is the Anthropocene and how does it shape global politics Are global politics constrained by a North South divide What are the possible futures of global politics and the politics of outer space Delving into topics as diverse as anarchy intersectionality Confucianism and neoconservatism boxed features give you confidence in political analysis Focus on learn more about the global colour line or the tragedy of the commons Key figures discuss the ideas of Hans Morgenthau Frantz Fanon or bell hooks Debating argue whether the United Nations are obsolete or whether nuclear weapons promote peace Global politics in action apply your learning to the migration crisis in Europe or the Arab Spring Approaches to consider human rights or the Covid 19 pandemic from the perspective of realist liberal postcolonial Marxist feminist constructivist and post structuralist theory Global actors understand the significance of Black Lives Matter Amnesty International or the International Monetary Fund Spanning the development of global politics from the early origins of globalization through to the return of multipolarity in the twenty first century this is an essential text for undergraduates studying global politics and international relations **The Globalization of World Politics / Globalization: A Very Short Introduction Pack** John Baylis, Steve Smith, Patricia Owens, 2009-09-20 Now in its fourth edition this internationally successful title has been fully revised and updated in light of recent developments in world politics with new chapters on the changing nature of war human security and international ethics A comprehensive introduction to international relations it is ideally suited to students coming to the subject for the first time This book is supported by a cutting edge Online Resource Centre **Globalization and Transnational Migrations** Akanmu Gafari Adebayo, Olutayo Charles Adesina, 2009 Highlights global asymmetries by interfacing the notion of one world or flat world with the challenges thrown up by transnational migration brain drain citizenship identity multiculturalism religion and ethnicity This book covers movement of refugees xenophobia and transition from economic migration to citizenship **Arizona Journal of International and Comparative Law** , 2014

Enjoying the Melody of Term: An Mental Symphony within **Globalization A Very Short Introduction Globalization A Very Short Introduction**

In a global taken by monitors and the ceaseless chatter of fast connection, the melodic splendor and mental symphony produced by the prepared word usually diminish in to the background, eclipsed by the persistent noise and interruptions that permeate our lives. Nevertheless, nestled within the pages of **Globalization A Very Short Introduction Globalization A Very Short Introduction** a marvelous fictional treasure brimming with organic emotions, lies an immersive symphony waiting to be embraced. Constructed by an elegant composer of language, that captivating masterpiece conducts viewers on an emotional journey, skillfully unraveling the concealed tunes and profound influence resonating within each cautiously crafted phrase. Within the depths of the moving analysis, we will explore the book is key harmonies, analyze their enthralling publishing type, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
