Gis A Computer Science Perspective:

GIS Michael F. Worboys, Matt Duckham, Qian (Chayn) Sun, 2023-08-16 Following two successful editions the third edition of GIS A Computer Perspective has been completely revised and incorporates new chapters Now included are updates of ontologies developments in decentralized computing Volunteered Geographic Information VGI and Knowledge Discovery in Databases KDD The authors have also expanded this edition to include a more thorough treatment of geovisualization and spatial cognition

Gis Michael Worboys, Matt Duckham, 2004-05-15 This fully updated new edition of Michael Worboys highly successful book addresses GIS from a computing perspective as opposed to a cartographic geographic or management perspective and highlights the fundamental role played by computing science information systems and IT in the field of GIS It reflects new developments such as the impact the internet has had in terms of distribution and visualization and covers the ever increasing roles of AI uncertainty handling and agent based computing GIS A Computing Perspective is aimed at a wide range of students including those studying computer science information systems and information technology as well as GIS

GIS Michael F. Worboys, Matt Duckham, 2004-05-11 GIS A Computing Perspective Second Edition provides a full up to date overview of GIS both Geographic Information Systems and the study of Geographic Information Science Analyzing the subject from a computing perspective the second edition explores conceptual and formal models needed to understand spatial information and examines the representations and data structures needed to support adequate system performance This volume also covers the special purpose interfaces and architectures required to interact with and share spatial information and explains the importance of uncertainty and time The material on GIS architectures and interfaces as well as spatiotemporal information systems is almost entirely new The second edition contains substantial new information and has been completely reformatted to improve accessibility Changes include A new chapter on spatial uncertainty Complete revisions of the bibliography index and supporting diagrams Supplemental material is offset at the top of the page as are references and links for further study Definitions of new terms are in the margins of pages where they appear with corresponding entries in the index

GIS Michael F. Worboys, 1995-10-30 This aims to make the computing principles underlying geographic databases understandable and accessible to current and potential users of such systems It overviews database system philosophy describes database concepts eg storage retrieval architecture conceptual modelling and database querying It then focuses on the characteristics of GIS spatial data and spatial databases concluding with a discussion of current future research trends

An Introduction to Geographical Information Systems D. Ian Heywood, Sarah Cornelius, Steve Carver, 1998 This introductory text to the world of geographical information systems is aimed at students at all levels from undergraduates to professionals retraining in GIS

Geographic Information Research Massimo Craglia, H Onsrud, 2004-01-14 Geographic Information Research is a broad discipline and is being actively pursued world wide A group of researchers in both North America and Europe have come together as contributors to this volume as a way of combining

their expertise The emphasis is on matters of political strategic and organizational importance rather than on technology or systems and covers the theory and social and political practice which goes hand in hand with GIS Earth Science Satellite Remote Sensing John J. Qu, Wei Gao, Menas Kafatos, Robert E. Murphy, Vincent V. Salomonson, 2007-04-29 This book provides information on the Earth science remote sensing data information and data format such as HDF EOS It evaluates the current data processing approaches and introduces data searching and ordering from different public domains It further explores the remote sensing and GIS migration products and WebGIS applications Both volumes are designed to give an introduction to current and future NASA NOAA and other Earth science remote sensing Decision Support Systems in Urban Planning Harry Timmermans, 2003-09-02 This book presents a set of selected and edited papers presented at the 2nd and 3rd Design and Decision Support Conference The purpose is to provide examples of innovative research in decision support systems in urban planning from throughout the world *Information Systems And Technologies For Network Society: Proceedings Of The Ipsj International Symposium* Yahiko Kambayashi, Yoshifumi Masunaga, Makoto Takizawa, Yuichiro Anzai, 1997-09-09 This volume contains technical papers and panel position papers selected from the proceedings of the International Symposium on Information Systems and Technologies for Network Society held together with the IPSJ information processing society of Japan National Convention in September 1997 Papers were submitted from all over the world especially from Japan Korea and China Since these countries are believed to form one of the major computer manufacturing centers in the world a panel on Computer Science Education for the 21st Century was set up A special session on the Japanese project on Software Engineering invited representative researchers from the project which is supported by the Ministry of Education Japan
