Globalization And Crime Key Approaches To Criminology:

Globalization and Crime Katja Franko, 2019-10-28 Now in its third edition *Globalization Crime* provides students with a comprehensive overview of the essential themes and conceptual debates surrounding globalization and global criminology. It examines established topics such as human trafficking and smuggling, migration and organised crime. But also explores modern issues such as the refugee crisis in Europe, cyber hacking and enforcement and the failure of Internet Service Providers to take responsibility for online content. The third edition has been significantly updated with new content and examples along with modern case studies such as the political context surrounding the development of ISIS, organ trafficking and an anti globalization backlash in the UK and US. It also features two new chapters: Global Ecological Destruction: An investigation into the development of environmental criminology and Towards a Cosmopolitan Criminology: An overview of the possibilities for establishing a global criminology and coverage of the emerging issues to consider for the future. Ideal reading for undergraduate and postgraduate students of criminology, globalization and sociology.

Globalization and Crime Katja Franko Aas, 2013-04-30 *Globalization Crime* brings together the closely related subjects of criminology and global sociology. Ideal for upper level undergraduate and postgraduate students, it examines established topics such as human trafficking and smuggling, migration and organised crime. It also delves into new territory and explores the issues surrounding international criminal justice, comparative criminology, green criminology and human rights. New to this Second Edition is a chapter dedicated to the impact that the war on terror has had on the rule of law and a detailed discussion on the growing topic of cosmopolitan criminology. Complete with extensive references, helpful suggestions for further reading and a detailed glossary, this book will prove essential reading for students and academics in criminology, globalization, sociology and other social sciences. The Key Approaches to Criminology series celebrates the removal of traditional barriers between disciplines and specifically reflects criminology's interdisciplinary nature and focus. It brings together some of the leading scholars working at the intersections of criminology and related subjects. Each book in the series helps readers to make intellectual connections between criminology and other discourses and to understand the importance of studying crime and criminal justice within the context of broader debates. The series is intended to have appeal across the entire range of undergraduate and postgraduate studies and beyond, comprising books which offer introductions to the fields as well as advancing ideas and knowledge in their subject areas.

Globalization and Crime Katja Franko Aas, 2013-11-06 This new major work shines a spotlight on key criminological themes in the study of transnationalism and globalization and through a selection of the established literature on the subject along with more contemporary writing, explores how globalization is defined, researched and debated within criminology. In order to do this, the set is broken down into three volumes: Volume One: Concept, History, Method; Volume Two: Transnational Crime, Deviance and Crime Policy; Volume Three: New Directions in Criminology and Criminal Justice. The three volume structure enables comprehensive coverage of the historic development of

the concept its key definitional and methodological issues ample case studies as well as theoretical and normative academic debates Each volume is framed by its own newly written introduction which places the selection of articles in context making this set a truly valuable resource for scholars in the field

21st Century Criminology: A Reference Handbook J. Mitchell Miller, 2009-08-06 Criminology has experienced tremendous growth over the last few decades evident in part by the widespread popularity and increased enrollment in criminology and criminal justice departments at the undergraduate and graduate levels across the U S and

internationally Evolutionary paradigmatic shift has accompanied this surge in definitional disciplinary and pragmatic terms Though long identified as a leading sociological specialty area criminology has emerged as a stand alone discipline in its own right one that continues to grow and is clearly here to stay Criminology today remains inherently theoretical but is also far more applied in focus and thus more connected to the academic and practitioner concerns of criminal justice and related professional service fields Contemporary criminology is also increasingly interdisciplinary and thus features a broad variety of ideological orientations to and perspectives on the causes effects and responses to crime 21st Century Criminology A Reference Handbook provides straightforward and definitive overviews of 100 key topics comprising traditional criminology and its modern outgrowths The individual chapters have been designed to serve as a first look reference source for most criminological inquires Both connected to the sociological origins of criminology i e theory and research methods and the justice systems response to crime and related social problems as well as coverage of major crime types this two volume set offers a comprehensive overview of the current state of criminology From student term papers and masters theses to researchers commencing literature reviews 21st Century Criminology is a ready source from which to quickly access authoritative knowledge on a range of key issues and topics central to contemporary criminology This two volume set in the SAGE 21st Century Reference Series is intended to provide undergraduate majors with an authoritative reference source that will serve their research needs with more detailed information than encyclopedia entries but not so much jargon detail or density as a journal article or research handbook chapter 100 entries or mini chapters highlight the most important topics issues questions and debates any student obtaining a degree in this field ought to have mastered for effectiveness in the 21st century Curricular driven chapters provide students with initial footholds on topics of interest in researching term papers in preparing for GREs in consulting to determine directions to take in pursuing a senior thesis graduate degree career etc Comprehensive in coverage major sections include The Discipline of Criminology Correlates of Crime Theories of Crime Justice Measurement Research Types of Crime and Crime the Justice System The contributor group is comprised of well known figures and emerging young scholars who provide authoritative overviews coupled with insightful discussion that will quickly familiarize researchers students and general readers alike with fundamental and detailed information for each topic Uniform chapter structure makes it easy for students to locate key information with most chapters following a format of Introduction Theory Methods Applications Comparison Future Directions Summary Bibliography Suggestions for Further Reading and Cross References Availability in print and electronic formats provides students with convenient easy access wherever they may be

International Feminist Perspectives in Criminology Nicole Hahn Rafter, 1995 This collection of essays brings together an international range of contributors who outline and analyze the impact of feminism on criminology in their countries The book provides an overview of the subject enabling international comparisons to be made

Criminology Freda Adler, 2001 This leading text for courses in Criminology is known for its lucid style student oriented

approach and its interdisciplinary global perspective The Fourth Edition further underscores this unique student centered approach by making a free student study CD Making the Grade available with every copy of the text A robust Online Learning Center featuring chapter quizzes with feedback vocabulary flashcards interactive exercises and more is also available The Adler text comes in two versions one with and the other without coverage of the criminal justice system For schools that retain the traditional criminology course which includes criminological coverage of criminal justice Criminology and the Criminal Justice System Fifth Edition is the ideal text For schools that offer a separate introductory course in criminal justice Criminology Fifth Edition is the appropriate text *Crimes of Globalization* Dawn Rothe, David O. Friedrichs, 2014-07-11 This book addresses immensely consequential crimes in the world today that to date have been almost wholly neglected by students of crime and criminal justice crimes of globalization This term refers to the hugely harmful consequences of the policies and practices of international financial institutions principally in the global South A case is made for characterizing these policies and practices specifically as crime Although there is now a substantial criminological literature on transnational crimes crimes of states and state corporate crimes crimes of globalization intersect with but are not synonymous with these crimes Identifying specific reasons why students of crime and criminal justice should have an interest in this topic this text also identifies underlying assumptions defines key terms and situates crimes of globalization within the criminological enterprise The authors also define crimes of globalization and review the literature to date on the topic review the current forms of crimes of globalization outline an integrated theory of crimes of globalization and identify the challenges of controlling the international financial institutions that perpetrate crimes of globalization including the role of an emerging Global Justice Movement The authors of this book have published widely on white collar crime crimes of states state corporate crime and related topics This book will be essential reading for academics and students of crime and criminal justice who the authors argue need to attend to emerging forms of crime that arise specifically out of the conditions of globalization in our increasingly globalized rapidly changing world **International Criminal Justice Review** ,2003

Canadian Criminology James C. Hackler, 2003 Appropriate for introductory criminology and criminology theory course taught at universities and colleges across Canada Canadian Criminology Strategies and Perspectives takes a critical ideological approach to the study of criminology The major strengths of this text are its breadth of Canadian content and its inclusion of cross cultural comparisons The text incorporates both empirical and radical approaches to understanding and reducing crime The third edition of Canadian Criminology Strategies and Perspectives incorporates numerous changes including updated statistics a more in depth coverage of gender and radical criminology as well as more material on restorative justice The new edition has been restructured now including 18 chapters and new pedagogical features within each chapter
