What was the purpose of the Health Maintenance Organization Act of 1973? - The health maintenance organization action of 1973 provided federal initiatives - ANSWER: consisted of federal grants and loans to organizations wishing to investigate the feasibility of "federally qualified HMO"

Briefly explain why the preferred provider organization (PPO) concept was developed? - ANSWER: PPO was sponsored by national insurance companies, third party administrators, BCBS plans, and hotel organizations. PPO gained quick popularity with employers that wanted cost savings but were unwilling to reduce provider choice as much that required HMOs

Why didnt many employers realize long-term costs savings with PPO? - ANSWER: Because they were primarily discounted fee-for-service arrangements with little focus on utilization control.

What steps did PPO companies take to correct this problem? - ANSWER: Increase the monitoring of utilization, implementing quality control and surveying member satisfaction.

What do opponents of the PPO approach argue is the reason they are more expensive than HMOs? - ANSWER: They argue that PPOs are weak form of managed care with rich benefits, making them more expensive than HMOs.

Is there a universally accepted and used definition of managed care? - ANSWER: There is no specific and uniformly accepted definition of the term "managed care"

What is the definition of managed care provided in the text to include the broad range of managed indemnity plans, HMOs, PPOs, and PO plans? ANSWER: - Managed care includes those programs intended to influence and direct the delivery of health care through: 1) plan design failure 2) Restricted access to a specified group of preselected providers 3) Utilization management programs

Define the concept of steerage - Is the managed care company's way of directing members to in-network providers. Commonly accomplished through setting benefit differentials between in-and out-of-network care between 10%-30%. It is critical to maximize financial results of managed care.

Management Library, 1972 *Equality Governance via Policy Analysis?* Arn T. Sauer, 2018-11-08 Gender impact assessment has been both celebrated as a beacon of hope for the cause of gender equality and criticised as being ineffectual More than 20 years of gender mainstreaming have demonstrated that equality governance with and through impact assessment is an intersectional and still evolving process Arn T Sauer's study examines the instruments of gendered policy analysis and the conditions under which they are being used by the Canadian federal government and the European Commission Interviews with experts from public administration and instrument designers as well as document analyses reveal benefits and challenges and show that the success of equality governance depends upon whether knowledge about gendered policy and appropriate administrative practices are embedded embodied and entrenched in public administration Tests and Proofs Martin Gogolla, Burkhardt Wolff, 2011-06-28 This book constitutes the refereed proceedings of the 5th International Conference on Tests and Proofs TAP 2011 held in Zurich Switzerland in June July 2011 The 12 revised full papers presented together with 2 invited papers were carefully reviewed and selected from 27 submissions Among the topics covered are model checking testing systems test generation symbolic testing SAT solvers SMT solvers property based testing automated test generation learning based testing UML OCL specification based testing and network testing **The International Pentecostal Holiness Advocate**, 1987 Smart Metropolitan Regional Development T.M.
