**National Research Council (U.S.)**

## **Getting Research Published Z Publication:**

**Getting Research Published** Elizabeth Wager, 2016-07-06 Getting research published can be difficult and frustrating. Many authors experience long delays, high rejection rates, and journal processes that can seem so opaque and arcane that even those who have successfully published are often unable to say what they did right. Understanding publication strategy can prevent or reduce many of these problems. This revised and updated edition of Liz Wager's popular and highly regarded guide uncovers the ethics, conventions, and often unwritten rules of publishing in peer-reviewed journals and at conferences. It gives clear advice on how to choose the right journal, how to avoid delays, authorship disputes, and many other problems associated with being published. The A-Z format makes this a clear, accessible resource relevant to readers with different levels of experience and different backgrounds, including students and healthcare professionals, medical researchers, and people working in drug companies and communications agencies. Developing publication strategies. A very readable and authoritative guide to every aspect of publishing in scientific journals. The book's layout means that readers are both provided with a routemap for publishing but can also find quickly information on the topics that might be bothering them. Richard Smith in his Foreword. From reviews of the first edition. Intelligently written, logical, and solid. BMJ CAREER FOCUS. An essential resource. NURSING STANDARD. Subvert the system. Buy the book. Put it with the other reference books on your desk. And use it to get published. EUROPEAN SCIENCE EDITING. I would have no hesitation in recommending this book to colleagues. I wish I had had something similar when I started out. CLINICIAN IN MANAGEMENT.

**Getting Research Published** Elizabeth Wager, 2017-04-07 The third edition of this popular and highly regarded guide uncovers the ethics, conventions, and often unwritten rules of publishing in peer-reviewed journals and at conferences. It provides clear direction on how to choose the right journal, avoid publication delays, resolve authorship disputes, and many other problems associated with being published that pose challenges to new and experienced researchers alike. The A to Z format is highly accessible to readers with different backgrounds and varying levels of publication experience, including students and healthcare professionals, medical researchers, and individuals working in drug companies and communications agencies. It will be particularly valuable to anyone involved in planning publications.

**Getting Research Published** Elizabeth Wager, 2010 Getting research published can be difficult and frustrating. Many authors experience long delays, high rejection rates, and journal processes that can seem so opaque and arcane that even those who have successfully published are often unable to say what they did right. Understanding publication strategy can prevent or reduce many of these problems. This revised and updated edition of Liz Wager's popular and highly regarded guide uncovers the ethics, conventions, and often unwritten rules of publishing in peer-reviewed journals and at conferences. It gives clear advice on how to choose the right journal, how to avoid delays, authorship disputes, and many other problems associated with being published. The A-Z format makes this a clear, accessible resource relevant to readers with different levels of experience and different backgrounds, including students and

healthcare professionals medical researchers and people working in drug companies and communications agencies developing publication strategies A very readable and authoritative guide to every aspect of publishing in scientific journals The book s layout means that readers are both provided with a routemap for publishing but can also find quickly information on the topics that might be bothering them Richard Smith in his Foreword From reviews of the first edition Intelligently written logical and solid BMJ CAREER FOCUS An essential resource NURSING STANDARD Subvert the system Buy the book Put it with the other reference books on your desk And use it to get published EUROPEAN SCIENCE EDITING I would have no hesitation in recommending this book to colleagues I wish I had had something similar when I started out CLINICIAN IN MANAGEMENT      **Annals of Saudi Medicine** ,2011      **European Science Editing** ,2002      **A Guide to Serial Publications Founded Prior to 1918 and Now Or Recently Current in Boston, Cambridge, and Vicinity** Thomas Johnston Homer,1922      **Publications.
