Gregory, 2020-03-31 Get the most out of your Google Chromebook Chromebook For Dummies walks you through setting up your Chromebook transitioning from traditional computers customizing a Chromebook to fit your needs navigating the many apps and their uses and applying advanced settings and features This book documents the features of all Chromebooks approaching them from the point of view of a smart person who is intimidated by the technology Offers extensive and practical information Covers all portable computers powered by Chrome OS Helps make it easy to drive these fast user friendly devices Includes coverage of the latest features in the Chrome operating system You ll end up keeping this book close at hand referring to it often as you explore the features of your Chromebook *The Ridiculously Simple Guide to Google Pixel Slate and Pixelbook* Phil Sharp, 2018-09-10 In 2011 Google disrupted the computer industry when it introduced the Chromebook The lightweight computers with small price tags were the perfect solution for schools already using Google s suite of free cloud based tools Docs Sheets Slides etc To the average professional Chromebooks have been more of a novelty best suited for casual use In 2013 Google tried to change this with the Chromebook Pixel it s first higher end Chromebook While most saw it as a worthy first effort it was not largely viewed as ready for primetime Google discontinued the Chromebook Pixel in 2017 and announced its successor in October of 2017 The Pixelbook Everything about the successor proved that Google had learned from previous generation Chromebooks and was ready to seriously compete with the Windows Surface and Macbook The hardware alone matched high

end Mac and Windows computers but the software is where the Pixelbook really shines In addition to Google Assistant a Siri like tool for productivity the computer also is amongst the first Chromebooks to be able to run Android apps combined with a convertible touchscreen this means you can leave your tablet at home For a better comparison of how the computer ranks against Windows and Mac see Appendix A In 2018 Google was at it again This time their interest had shifted from hybrid laptop tablet to full on tablet with the Google Pixel Slate It seemed like a direct response to what Google sees as their biggest threat the iPad and Microsoft Surface If you've used any computer then both the Pixelbook and Slate will be easy enough to use as soon as you open it up for the first time If you really want to take advantage of all the features and be as productive as possible then this guide will help Almost everything in this book will also apply to other Chromebooks Let's get started
